FOREWORD BY THE EXECUTIVE MAYOR

ACKNOWLEDGEMENT FROM THE MUNICIPAL MANAGER

CHAPTER 1: IDP OVERVIEW

1.1. Introduction

The IDP seeks to integrate and balance the economic, ecological and social pillars of sustainability within the Central Karoo District area without compromising the institutional capacity required to implement and coordinate the efforts needed across sectors and relevant spheres of government. The IDP is therefore the principle strategic planning instrument which guides and informs all planning, budgeting and all development in the Central Karoo District area.

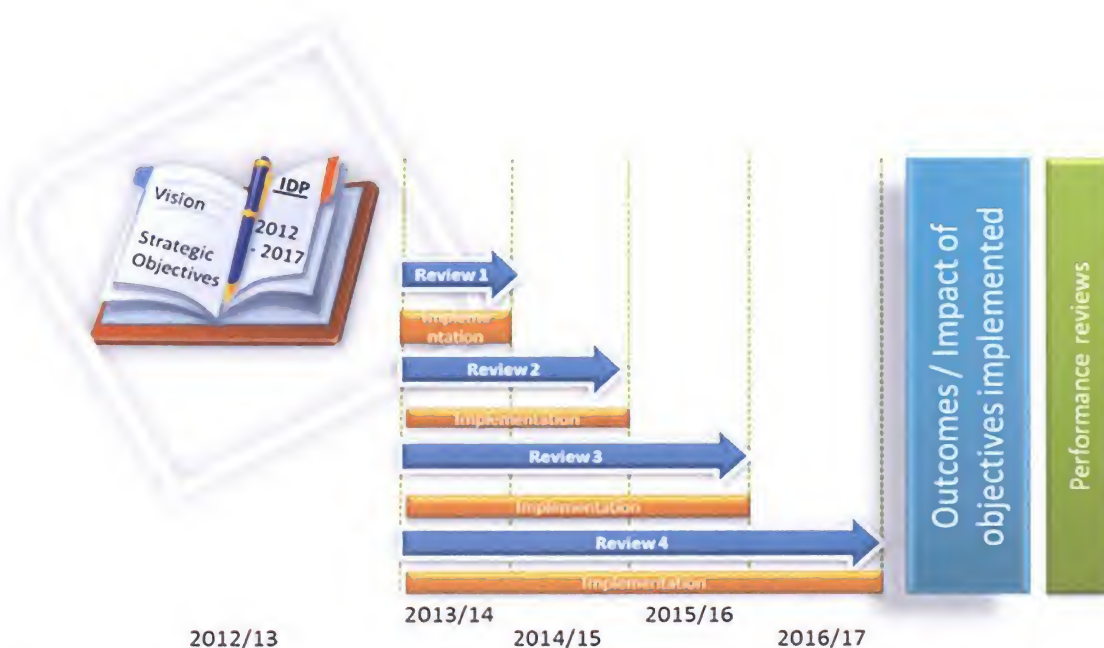

Figure 1.1: IDP Review Process

1.2. Fourth Review (2015/2016) Integrated Development Plan Planning structure

This summary of the Central Karoo District Municipality's Integrated Development Plan is:

As outlined in the 2014/15 IDP this is a concise overview of the municipality, its current situation, key challenges and opportunities, as well as the priority strategies of the municipality to improve its situation over the five year term of the IDP, indicating the most critical targets to be achieved.

1.3. Legal Context of the Integrated Development Plan

Section 152 of the Constitution of South Africa of 1996 and the Municipal Systems Act of 2000 (Act 32 of 2000) have a substantial impact on the traditional role of local government. Besides just delivering municipal services municipalities must (by law) now lead, manage and plan development through the process of Integrated Development Planning.

Section 26 of the Municipal Systems Act of 2000 outlines the core component of the IDP that must be reflected in the IDP.

Section 34 of the Municipal Systems Act of 2000 (Act 32 of 2000) however provides that the municipal council must:

- A) Review its integrated development plan-
 - i) Annually in accordance with assessment of its performance measurements in terms of section 41, and
 - ii) To the extent that changing circumstances so demand, and
- b) May amend its integrated development plan in accordance with a prescribed process.

1.4. Process Followed in the Development and Implementation of the IDP

The District Municipality has adopted a time schedule that outlines the process of developing and adopting an IDP. The time schedule is a road map to be followed towards the development and adoption of the IDP. The time schedule for the financial year 2015/16 was approved on the **12 October 2015 by the** municipal council.

1.5. IDP Institutional Arrangements

The district used the following consultative structures during the IDP preparation process in order to ensure a shared understanding and ownership of the municipal development trajectory alignments.

- District Mayors Forum (DCF) and district Municipal Managers Forum (MMF)
- District IDP Managers Forum
- Internal IDP Task Team (line managers)
- Structural arrangements e.g. District Representative Forum

1.5.1 Stakeholder Engagements

Stakeholder's participation in the Central Karoo is currently facing serious challenges. The functionality of these structures is currently poor and/or non-existent in some cases. The council has received grant funding from the province to assist in dealing with this situation.

1.6. Purpose of the 2015/2016 IDP Review

The purpose of the IDP review is amongst others:

1. To ensure that the municipality's internal departments' planning processes are informed by the IDP.
2. To ensure that the IDP as council's 5 year strategic plan remains relevant.
3. To ensure that the IDP is on progress and to see where we going wrong and apply corrective measures
4. To ensure that the IDP is the platform for our structured inter-governmental engagement
5. To ensure better working relations between the different spheres of government

CHAPTER 2: PROCESS PLAN

2.1 Framework of driving force behind the IDP

Municipalities function within the realm of an extensive legislative and policy framework that provide prescripts and guidelines for municipal objectives, strategies and programmes to be aligned with municipal functions. Central Karoo District municipality realizes that in order to achieve growth and development the budget, programmes and projects must be aligned to development and institutional policy and directives.

2.1.1 Legislative Framework

The constitution of the Republic of South Africa outlines the type of local government needed. Section 152 of the Constitution sets out the objects of local government. Furthermore the Municipal Systems Act (Act 32 of 2000) requires municipalities to develop Integrated Development Plans (IDP). IDPs are there to guide development planning in the municipality and once adopted should be reviewed annually. There are certain minimum requirements for integrated development Plans as stipulated in the Local Government: Municipal Planning and Performance Regulations of 2001. Section 21(2) of the Municipal Finance Management Act (Act 56 of 2003) (MFMA) states the responsibilities of the Mayor when preparing the annual budget. The Mayor must, amongst others:

- Take into account the municipality's Integrated Development Plan
- takes all reasonable steps to ensure the municipality revises its Integrated Development Plan (IDP)
- takes into account the national budget and the relevant provincial budget and the related policies
- Consult-
- The district mayor must consult all local municipalities
- The relevant provincial treasury, and when requested, the National Treasury, and
- Any national or provincial organs of state
- Provide on request any information relating to the budget, treasury and national and provincial departments and organs of state

2.1.2 Key planning and policy directives

Municipality's Integrated Development Plan and other spheres of government. Aligning our plans with National Government will automatically, reflect international alignment as our government is a signatory to various international treaties.

(1) National, Provincial and District Development Planning and Policy Directives

Chapter 5 of the MSA, in particular, provides for cooperative governance, encouraging municipalities to develop their own strategies in implementing their IDPs. Resource and human capacities must be aligned in order to implement the plan. The state has introduced a three-tiered system of integrated development planning aimed at ensuring inter-governmental priority setting, resource allocation, implementation, monitoring and evaluation to achieve sustainable development and service delivery. The key instruments which constitute this system includes amongst others:

- The National Development Plan (NDP)
- The Medium Term Strategic Framework (MTSF)
- National Development Perspective (NSDP)
- Provincial Spatial Development Framework (PSDF)
- Provincial Strategic Plan (PSP) 2014 -2019

These are the national and provincial strategic documents. These documents are further explained in the 2012-2017 IDP and its subsequent review IDP documents. The provincial government has adopted a new strategic document called a Provincial Strategic Plan (PSP) which sets out the Western Cape Government Vision and Strategic priorities which are rooted within the five Provincial Strategic Goals (PSGs). These should then be aligned to the Strategic Objectives (SOs) of the district municipality's Integrated Development Plan (IDP). Section 29(2) of the Municipal Systems Act (MSA) Act 32 of 2000 clearly states that the district municipality must:

- Plan integrated development for the area of the district municipality as a whole but in close cooperation with the local municipalities in the area;
- Align its integrated development plan with its adopted framework; and
- Draft its integrated development plan, taking into account the integrated development processes of and proposals submitted to it by local municipalities in the area.

(2) District functions

Section 84 of the Municipal Structures Act of 1998 stipulates the powers and functions of Districts and Local municipalities. These functions are found in Schedule 4 Part B and Schedule 5 Part B of the Constitution. Section 84 (1) of the Amended Structures Act (Act 32 of 2000) clearly states the core functions of district municipalities.

2.2. Planning Process followed

The Systems Act pays particular attention in regulating how the IDP should be drafted and what it should entail. The Act states that the council must adopt a plan, Process plan that sets out how it intends to draft and adopt and review the IDP document. The Act also places high priority on the elements of vertical integration and community participation. The drafting of the IDP review document of the previous and current IDP was done in 5 different phases, namely:

2.2.1 Roles and responsibilities in the IDP process

The following are key stakeholders involved in the review and development of the IDP document, namely;

- Councilors
- Council officials
- Sector departments
- Non-Governmental Organizations
- Faith Based Organizations
- Parastatals
- Community Based Sectors

Each of these stakeholders is an important role player and must be organized, encouraged and empowered to effectively participate in the IDP development process and its implementation.

The Provincial Local Government department has initiated a joint funding initiative with the district municipality to ensure that these organizations are empowered and encouraged to participate in the IDP processes. An amount of R270 000 is available for this initiative with the province contributing R200 000. The R70 000 is a counter funding from the municipality.

This process will also be utilized to lay the foundation for the new fourth (4th) generation IDPs. It will further also ensure the establishment of ward committees is done through the establishment of various sectors within the different wards, or based on municipal policies

Municipal IDP Forums will be initiated for each and every municipality in the Central Karoo from which our district IDP forum will be established.

CHAPTER 3: REGIONAL PROFILE

3.1 Spatial Location within the Western Cape Province

The purpose of conducting a municipal profile is to obtain reliable information for the effective planning, budgeting and implementation of its Integrated Development Plan. This profile in the main consists of the most relevant and up-to-date data. The Central Karoo District is one of the five districts of the Western Cape Province.

Figure 2: Location of Central Karoo District Municipality within the Western Cape Province, S.A

Geographically, occupying 38 853 km, the Central Karoo is the largest district in the Western Cape and consists only of three very small municipalities

Central Karoo District Municipality

Executive Mayor: Cllr Edward Njadu
Municipal Manager: Mr. Stefanus Jooste

The Central Karoo District Municipality has its headquarters situated in Beaufort West and is one of the five (5) district municipalities in the Western Cape. The district as per the STATS SA survey has a population of 71 011. According to the quantic 2014 data the district has a population of 71 011. It has three (3) local constituent municipalities as discussed below:

Beaufort West Local Municipality

Executive Mayor: Ald Truman Prince
Municipal Manager: Mr. Jafta Booysen

Situated in the Beaufort West town this municipality has seven (7) wards. As part of the wards this municipality has small towns/ settlements known as Murraysburg (Ward 1) Nelspoort (Part of ward 2) Merweville (part of Ward 7). The entire municipality has a total population of 49 586

Prince Albert Local Municipality

Executive Mayor: Cllr Goliath Lottering

Municipal Manager: Mr. Johan Mettler

This municipality has its main offices situated in Prince Albert town. The municipality has four (4) wards. Two of the wards are in the Prince Albert town area. Klaarstroom forms the bigger part of ward three (3) . The other ward is Leeu- Gamka and surrounding farms. The Prince Albert municipality has a population of 13 136. This is the second largest municipality in the Central Karoo and is also the second smallest municipality in the Western Cape Province.

Laingsburg Local Municipality

Executive Mayor: Cllr Wilhelm Theron
Municipal Manager: Mr. Pietie Williams

The Laingsburg municipality is the smallest municipality in the Central Karoo a in the whole of the Western Cape Province. The municipality has its main offices in the Laingsburg town area. The municipality has four wards. Some of the settlement areas in the municipality form the wards, they are: Matjiesfontein. The municipality has a population size of 8 289

3.3 Road network

3.3.1. Central Karoo road network

Roads facilitate the movement of both persons and materials anywhere within the country. The better connectivity brought about through road development improves the socio-economic conditions of the people living in those areas by making social and economic opportunities more easily accessible.

Good communication and transport networks including roads network, opens up economy for better utilization of its potential resources and facilities and may stimulate and support the growth of e.g. industry, agriculture or trade. Roads also provide linkages to other modes of transport such as rail, air and water.

An efficient and well established network of roads is desired for promoting trade and commerce in the country and also fulfils the need for a sustained economic development.

3.3.2 Main transport corridors

The N1 national road that bisects the Central Karoo is a key transport corridor for road-based freight transport, passenger services and private vehicles.

3.3.3 The road and rail network of the Central Karoo District Municipality (CKDM)

Running parallel to the N1 through the Central Karoo is the long-distance main railway line connecting Cape Town to Johannesburg/Pretoria and the other main urban centres of South Africa. The road route to Eastern Cape branches off at Beaufort West and goes via Aberdeen (R61) and Murraysburg (R63).

A second main road transport route, the N12, connects to the N1 South of Beaufort West, providing a link to Oudtshoorn and George. This is a national route but currently not a national road, and as such not maintained by SANRAL, but owned and maintained by the Province. Map: Figure 3.18 shows the road and rail networks of the Central Karoo District.

The proclaimed provincial roads make up the bulk between towns in the Central Karoo. Of these N12 links to N1 at Beaufort West and connects to Oudtshoorn, George, the Southern Cape and the N2. The R61 also connects with the N1 at Beaufort West and provides access to Aberdeen/Graaff-Reinet and the inland areas of the Eastern Cape. The R63 trunk road connects to the N1 in the northeast of the area and passes to the south through Murraysburg and on to Graaff-Reinet, and to the north, to Victoria West in the Northern Cape. The R407 connects Prince Albert with the N1 in the north at Prince Albert Road, and connects with the N12 in the south. The R309 (Vleiland Road) to Seweweekspoort, which connects to Calitzdorp, is a vital link between Laingsburg and then R62, and the R309 requires upgrading.

3.4 Population

Western Cape districts: Population projections, 2015 – 2020

Years	City of Cape Town	West Coast District	Cape Winelands District	Overberg District	Eden District	Central Karoo District
2015	3 928 148	416 025	831 716	273 395	600 551	73 687
2016	3 972 237	421 929	842 638	277 087	606 893	74 354
2017	4 014 765	427 742	853 423	280 716	613 124	75 022

3.5 Education indicators in the Central Karoo District 2011-2014

Matric Pass rate and drop- out rate in Central Karoo in 2014

Municipality	Pass rate	Drop out
Laingsburg	75%	41,0%
Prince Albert	85%	65,9%
Beaufort West	67%	39,2%
Central Karoo	70,0%	

NB; REQUEST FOR 2015 RESULTS

3.5.1 Western Cape: Education indicators

Learner enrolment	Dropout rate	Learner-teacher ratio
-------------------	--------------	-----------------------

Region	2013 (Gr1-12+LSEN)	ASS 2014	Average Dropout Rate 2012	Crude dropout rate using Yr 2013-Gr10 and Yr 2015-Gr 12	Average Learner- Teacher ratio 2012	ASS 2014: ALL state+sgb+ substitutes teacher excl. practitioners and other
Western Cape	987 972	964 840	35,6%	31,0%	36.4	29,9
City of Cape Town	633 999	613 393	37,3%	31,9%	31.7	30,3
West Coast District	56 771	57 501	32,3%	28,8%	31.9	29,4
Cape Winelands District	140 819	139 088	32,0%	28,6%	29.9	28,5
Overberg District	40 746	39 542	36,9%	29,8%	33.4	30,3
Eden District	101 574	101 165	29,9%	29,1%	35.7	30,0
Central Karoo District	14 063	14 151	39,7%	37,5%		

Source: Western Cape Department of Education, Annual Survey of public and independent schools (ASS) 2014

According to the Annual Survey of Public and Independent Schools (ASS) conducted by the WCED in 2014, Learner enrolment in the Central Karoo slightly increased from 14 063 to 14 151 in 2014. It is interesting to note this increase considering that the 2013 enrolment figures already included children with special educational needs. The enrolment figures for 2014 in the entire province dropped except for West Coast and Central Karoo Districts.

The WCED records indicate that 39,7% of students that were in Gr10 in 2012 dropped out of school by the time they reached Gr12 in 2014. Similarly, 37, 5% of students that were in Gr 10 in 2013 dropped out of school by the time they reached Gr12 in 2015. Although it seems that the dropout rate is improving, the high learner dropout rate is still alarming given the need for skilled and highly skilled labour within the district.

The third column above indicates that the average combined learner-teacher ratio for the CKD and Eden significantly decreased from 35,7 in 2012 to 30 in 2014. This ratio is relatively on par given the Western Cape's 2014 average of 29,9. This can be partly attributed to the slow learner enrolment growth together with increased teacher employment. This further assist with the improved education outcomes as it is assumed that children receive more personalized attention in smaller class environments.

3.5.2 Education facilities

The availability of adequate education facilities such as schools, FET colleges and learning facilities equipped with libraries and media centres will have a positive effect on academic outcomes.

In 2014 there were a total of 29 schools within the Central Karoo that had to accommodate 14 151 children. In 2014 the Central Karoo had 89,9% of schools considered as no fee schools which is a good foundation for improved access to quality education.

Western Cape: Education facilities, 2014

Total number Of schools Region	2014 Dec	Number /Proportion Of no fee Schools 2014 Dec	Public FET Colleges Main + satellite ASS 2014 Lib	Education facilities: Number Of schools with Libraries / media centres	
				2012	2014
Western Cape	1 587	55,8%	289	1 093	1 016
City of Cape Town	753	46,2%	88	640	576
West Coast District	129	72,1%	48	61	57
Cape Winelands District	272	77,2%	59	143	143
Overberg District	244	26,6%	58	141	135
Eden District	160	89,9%	25	84	82
Central Karoo District	29		11	24	23

Source: Western Cape Department of Education, Annual Survey of Public and Independent Schools (ASS) 2014

3.5.3 Educational Outcomes (Matric pass rate)

At 80,9% the Central Karoo had the lowest matric pass rate in the Western Cape in 2013. This rate dropped to 70% in 2014. This is very worrying. There is a correlation between this low pass rate and the district's high learner dropout rate. There could also be other socio-economic factors at play here such as the increased teenage pregnancies, extent of substance abuse, learner – teacher ratios etc.

Western Cape: Education outcomes, 2013 – 2014

Region	Education outcomes: Matric pass rate	
	2013	2014
Western Cape	84,7%	82,2%
City of Cape Town	83,2%	81,7%
West Coast District	88.4%	88.4%
Cape Winelands District	88.8%	88.3%
Overberg District	89.8%	88.1%
Eden District	88.2%	81.5%
Central Karoo District	80.9%	70.0%

3.6 Health

To achieve and maintain quality of life you need good health. There are a couple of factors that play an important role in ensuring that our communities experience good health. Some of these factors relates to lifestyle features that also have to do with the provision of high quality municipal services like clean water, sanitation and removal of solid waste.

3.6.1 Health Care Services: Facilities and personnel

To have access to healthcare facilities depends directly on the number and spread of facilities within a geographic space. The Central Karoo has a wide range of primary healthcare facilities which includes 8 fixed clinics, 9 mobile/satellite clinics, 1 community day centre and 4 district hospitals.

Region	Number Of pH Clinics Fixed	Number Of pH Clinics- Non-Fixed (mobile/ Satellite)	Com-munity Health centres	Com-munity Day centres	Total number of PHC facilities fixed clinics CHC's and CDC's excluding non-fixed	Number of district hospitals	Number of regional hospitals	Emergency Medical Services Number of operational ambulances per 100 000

								population
Western Cape	233	165	9	58	300	34	5	0.40
City of Cape town	96	27	9	41	146	9	2	0.28
West Coast District	30	37	0	1	31	7	0	0.68

Central Karoo District	8	9	0	1	9	4	0	2.08

Source: Western Cape Department of Health, 2015

Emergency medical services (EMS) provide essential medical care, basic pre-hospital assistance and transport to medical healthcare facilities for injured individuals. Distances between towns in the Central Karoo is vast and less population densities than in the cities. To alleviate this and ensure access to healthcare authorities there are 2 ambulances for every 100 000 people within the entire Central Karoo.

The Central Karoo however have the highest number of professional nurses (132.8) of all the districts in the Western Cape Province

3.6.2 HIV, AIDS and TUBERCULOSIS TREATMENT AND CARE

Considering that there is no known cure for HIV and AIDS, preventative care is equally as important as symptomatic treatment in managing this disease

Western Cape: HIV, AIDS and Tuberculosis prevalence and care; 2015

Region	ART Patient Load March 2013	ART patient load March 2014	ART patient load March 2015	Mother-to-child transmission rate	Number of ART clinics/ treatment sites 2015	Number Of TB Patients 2012/13	Number of TB patients 2013/14	Number of TB patients 2014/15	Number of TB clinics/ treatment sites 2015

------------------------	-----	-------	-------	------	----	-----	-----	-----	----

Source: Western Cape Department of Health, 2015

Over 130 000 persons were given anti-retroviral treatment (ART) in the Western Cape as at March 2013 of which 949 were in the Central Karoo. This number in the Central Karoo grew to 1 174 ART patients in March 2014 which is an increase of 23,7 percent. This number further increased by 20,8% from 1 174 in March 2014 to 1 418 in March 2015.

Treatment to these 1 418 patients was administered from 11 treatment sites in the Central Karoo.

3.6.3 Child Health: Immunisation, Malnutrition, Neonatal mortality and Low birth weight

Immunisation: This protects both adults and children against preventable infectious diseases. It is important for parents to understand need for immunisation. The immunisation rate in the Central Karoo is the second lowest in the entire Western Cape Province, with Central Karoo at 77 percent and the Province at 90 per cent.

Malnutrition: This means an individual either does not receive adequate amounts, or receives excessive amounts of, of nutrients. Malnourished children in our district- Central Karoo stands at 10,78 per cent far higher than all other districts and the province at an average of 2,43.

Neonatal mortality rate: The first 28 days after birth- the neonatal period- is a most vulnerable time of a child's life. The neonatal mortality rate for the Central Karoo was estimated at 14,8 in 2014/15. This is double the provincial average at 6,2 per cent. The provincial target for limiting child deaths is at 6 per 1 000 live births by 2019.

Low birth weight: Is weight at birth of less than 2 500 g. This has a range of short and long term consequences. Again the Central Karoo has the highest rate of babies with low weight at 21 per cent amongst all districts in the Western Cape.

Western Cape: Child and maternal health, 2015

Region	Child health				Maternal health		
	Full Immunisation Coverage Under 1 year	Severely malnutrition rate under 5 years	Neonatal mortality rate	low birth weight	Maternal Mortality Ratio	Delivery rate to women under 18 years	Termination of pregnancy rate

Western Cape	90%	2.43	6.2	15%	55.4	6.1%	16.8%
City of Cape Town	97%	1.94	6.3	14%	58.0	5.2%	22.8%
West Coast District	74%	3.14	4.3	14%	75.6	9.1%	4.0%
Cape Winelands District	80%	2.94	4.9	15%	20.8	7.3%	9.4%
Overberg District	85%	3.79	7.2	16%	0.0	8.0%	7.0%
Eden District	77%	10.78	14.8	21%	62.9	7.4%	7.4%
Central Karoo District	77%	10.78	14.8	21%	371.1	9.2%	0.0%

Births to teenage mothers: Teenage pregnancy is in most cases unplanned. For Young parents caring for their children it is very tough, especially those who have no family or social support. In 2014/15 the delivery rate to teenagers (women under 18 years) in the Central Karoo was 9,2 per cent – the highest rate among all other districts within the province.

Termination of pregnancy: Legal termination of pregnancy procedures are offered at Government hospitals, designated private doctors and gynaecologists as well as non-profit service providers. To have an abortion done without any costs to the patient the request must be done at a primary health care clinic. It is where the pregnancy is confirmed, counselling provided and a referral letter given to the facility where the procedure can be performed.

The Central Karoo is the only district in the Western Cape to record a Zero termination of pregnancy rate in 2014/15.

3.6.4 Community Based Services (CBS)

Community Based Services in the Western Cape is provided by Non-Profit Organizations (NPOs). Home CBS does not replace the family as a primary caregiver, it is a complementary and supportive service to the family.

Western Cape: Community based services, 2015

Region	Total number of Non-profit organization Appointed home carers	Total number of visits	Average number of monthly visits per carer
Western Cape	3 522	8 691 982	206
City of Cape Town	2 221	4 595 375	172
West Coast District	295	793 317	224
Cape Winelands District	325	1 656 602	425
Overberg District	244	558 196	191
Eden District	362	726 943	167
Central Karoo District	75	361 549	402

3.7 Households

In addition to population estimates, household projections from the basis of municipal service delivery planning and essentially inform budget allocations towards basic services such as water, electricity,

sanitation and refuse removal. Credible and accurate household estimates are vital for the municipality for purposes of planning and implementation purpose

District	2011	2012	2013	2014	2015
City of Cape Town	1 093 951	1 114 371	1 135 092	1 156 319	1 177 955
West Coast District	110 516	112 096	113 685	115 322	116 979
Cape Winelands District	204 909	208 265	211 646	215 104	218 620
Overberg District	78 251	79 424	80 614	81 835	83 072
Eden District	166 516	169 027	171 567	174 177	176 815
Central Karoo District	19 576	19 860	20 147	20 434	20 730

3.8 Poverty

In an effort to alleviate poverty and reduce inequality, the National Development Plan (NDP) has set the objective of having zero households earn less than R418 per month by 2030. As per below table, the Central Karoo was still behind this target with approximately 11,5 per cent Of its 19 576 households that earned less than R400 a month in 2011.

Lower levels of household income increases indigent dependency on municipal support. Municipal resources are therefore strained in an effort to provide free basic services.

Western Cape district household income

Region	None income	R1- R4 800	R4 801- R9 600	R9 601- R19 600	R19 601- R38 200	R38 201- R76 400	R76 401- R153 800	R153 801- R307 600	R307 601- R614 400	R614 001- R1 228 800	R1 228 801- R2 457 600	R2 457 601 or more
West Coast District	10.7	1.9	3.1	14.0	21.6	19.3	13.2	9.4	5.0	1.2	0.4	0.3
Cape Winelands District	13.1	1.9	3.4	13.2	20.3	18.4	12.3	8.9	5.7	1.9	0.5	0.4
Overberg District	12.7	2.1	3.5	14.5	21.2	18.1	12.8	8.9	4.4	1.2	0.3	0.2
Eden District	13.2	2.8	4.3	14.3	20.0	17.1	12.1	9.1	5.0	1.4	0.4	0.3
Central Karoo District	8.4	3.1	5.5	21.2	24.5	16.5	9.7	6.8	3.2	0.7	0.3	0.2

Measuring levels of poverty and inequality for the period 2006 and 2011, Stats SA 2014 Poverty trends Report specifies that the Lower-bound Poverty Line (PBPL) for March 2011 was set at R443 a month. Compared to the above it is concerning to note that approximately 2 251 (11,5%) house-holds in the Central Karoo earn less than R400 a month in 2011 and therefore has to survive on less than what an individual person requires as per the LBPL measure.

Western Cape per capita income, 2011 – 2013

Regional area	Per capital income(R)		
	2011	2012	2013
Western Cape	43 614	44 291	44 553
West Coast District	27 676	28 044	28 173

Central Karoo District	21 415	21 755	21 917

3.9. Safety and Security

3.9.1 Central Karoo District: Crime statistics 2005/06 – 2014/15

Drug-related offences were the most frequent occurring criminal activity within the Central Karoo during 2014/15. Although reported cases decreased slightly between 2011/12 and 2012/13, there has been a notable increase within the last two years.

Residential burglaries have gradually been increasing since 2010/11, but remained relatively stabled between 2013/14 and 2014/15.

Although there has been a notable decrease in the total number of murders (27 percent decrease) between 2013/14 and 2014/15, above table does reveal a historically irregular murder rate pattern in the CKD.

The number of reported sexual offences has steadily declined since 2010/11. There has however been a slight increase in the number of offences between 2013/14 and 2014/15.

Western Cape Districts: Crime statistics per 100 000, 2014/15

	Murder	Total sexual offences	Burglary at residential premises	Drug-related crime	Driving under the Influence of Alcohol or drug
City of Cape Town	62	104	719	1 452	239
West Coast District	33	147	667	1 312	119

The number of reported sexual offences has steadily declined since 2010/11. There has however been a slight increase in the number of offences between 2013/14 and 2014/15.

3.10. BASIC SERVICES

Access to basic service within South Africa is a fundamental human right. It is also an indication of the quality of life of the inhabitants in the country. Access to basic services has a wider impact on education and health and therefore also on the economy. The 2015 Municipal Economic Review and Outlook further highlight the positive Economic impact of basic infrastructure spending on the overall economy. The levels of access to basic services will be discussed below in terms of access to water, sanitation, energy, refuse removal and housing.

3.10.1 Access to water

According to the National Development Plan (NDP) all households must by 2030 have access to potable water above the minimum service level. This minimum service level is defined as any households with access to piped water less than 200 meters from their dwelling.

The following table reflects household access to potable water amongst the districts of the Western Cape in 2014.

Region	Piped Water Inside Dwelling	Piped water inside yard	Piped less than 200 m from dwelling	Piped more than 200 m dwelling	Borehole/ rain-water tank/well	Dam/river stream/spring	Water-carrier tanker/water vendor	other/ unspecified
Western Cape	74.1	13.8	8.7	2.5	0.1	0.1	0.1	0.6
City of Cape Town	73.7	12.9	9.8	2.9	0.0	0.0	0.1	0.6
West Coast District	78.1	17.8	2.5	0.6	0.2	0.2	0.1	0.5
Cape Winelands District	75.6	13.7	8.0	1.8	0.1	0.2	0.0	0.6
Overberg District	75.0	12.7	9.6	1.9	0.1	0.1	0.1	0.4
Eden District	71.5	16.8	6.9	2.6	0.7	0.3	0.3	0.7
Central Karoo District	77.0	1.1	1.1	1.3	0.2	0.1	0.1	0

3.10.2 Access to refuse removal

Inadequate waste service lead to unpleasant living conditions and a contaminated, healthy physical environment. For this reason, municipalities across the country provide their inhabitants with waste removal services.

Western Cape: Access to refuse removal, 2014

Regional area	Removed At least Once a week	Removed less often	Communal refuse dump	own refuse dump	no rubbish disposal	unspecified/ other
Western Cape	89.8	1.2	2.8	4.6	1.0	0.6
City of Cape Town	94	0.7	2.9	1.4	0.7	0.2
West Coast District	76.7	1.8	2.5	16.9	1.2	0.9
Cape Winelands District	79.8	4.1	3.7	9.3	1.6	1.4
Overberg District	82.7	1.9	2.2	10.2	1.1	1.9

Eden District	86.3	0.7	1.7	7.4	2.4	1.4
Central Karoo District	78.9	1	1.6	16.5	1.3	0.6

3.10.3 ACCESS TO ELECTRICITY

Table 14 reflects the different sources of energy used for lighting by households within the districts of the Western Cape.

Western Cape: Access to electricity, 2014

Municipality	Electricity	Gas	Paraffin	Candles	Solar/other/ Unspecified
Western Cape	93.2	0.2	3.6	2.5	0.5
City of Cape Town	93.7	0.2	4.0	1.6	0.4
West Coast District	94.3	0.2	0.9	4.1	0.6
Cape Winelands District	93.1	0.2	3.1	2.9	0.6
Overberg District	90.6	0.3	4.3	4.1	0.7
Eden District	90.7	0.2	2.9	5.6	0.6
Central Karoo District	89.8	0.3	0.5	6.5	2.9

3.10.4 ACCESS TO SANITATION

Access to sanitation is one of the most essential basic services as it concerns the health and dignity of human beings. Table 15 shows the type of sanitation facilities available to households in the Western Cape in 2014.

Region	Flush or Chemical toilet	Pit latrine	Bucket latrine	Not listed elsewhere
Western Cape	89.2	1.2	3.9	5.7
City of Cape Town	89.8	0.4	4.8	5.0
West Coast District	87.2	1.5	1.8	9.5
Cape Winelands District	90.8	0.7	2.6	5.9
Overberg District	88.9	1.7	1.2	8.1
Eden District	84.5	6.4	2.0	7.1
Central Karoo District	89.2	4.9	1.3	4.6

3.10.5 HOUSING

Decent housing with the relevant basic services is essential for human security, dignity and well-being.

Region	Brick Structure On a Separate Stand or Yard	Traditional dwelling	Flat in a block of flats	cluster/ semi- detached house (simplex, duplex or	House/ flat/ room in backyard	informal dwelling/ shack in backyard	dwelling/ shack NOT inbackyard, e.g in an informal/ squatter Settlement	Room/ flatlet not in backyard but on a shared property	Other
Western Cape	61.7	0.5	7.7	7.8	1.5	6.7	12.4	0.9	1.0
City of Cape Town	55.6	0.3	9.9	9.4	1.5	7.3	14.2	1.0	0.8
West Coast District	78.9	0.6	1.9	4.3	1.4	4.7	6.3	0.8	1.3
Cape Winelands District	68.9	0.6	5.6	5.9	1.2	6.1	9.8	0.7	1.2
Overberg District	73.8	1.3	2.3	3.5	1.2	5.0	10.7	0.4	1.8
Eden District	75.0	0.7	2.3	3.5	1.5	5.9	9.3	0.7	1.2
Central Karoo District	86.0	0.4	0.8	7.9	2.0	0.9	0.9	0.4	0

3.11 ECONOMY

Economic growth in South Africa has been deteriorating since 2012, GDP growth of 2,5%, 2,2% and 1,5% was achieved in 2012, 2013 and 2014 respectively. Initiatives to bolster economic growth on a national level have been undertaken and progress has been made. A more sustainable labour relations environment and administrative reforms to reduce red tape have been undertaken and implemented respectively.

The Central Karoo contributed the smallest share (1 percent or R2.7 billion) to the Provincial GDP in 2013. Despite this small contribution to GDP, in comparison to the other districts, the Central Karoo has been one of the fastest growing districts in the Province with average year-on year growth of 3.9 per cent for the period 2005-2013.

This is higher than the Provincial growth rate of 3.4 per cent across the same period.

Western Cape: GDP growth, 2000 - 2013

Region	Real GDP growth (average yoy %)		
	Expansion 2000 – 2007	Recession 2008 – 2009	Recovery 2010 – 2013
Western Cape	4,9	1,4	2,8
City of Cape Town	5	1,5	2,7
West Coast District	3,8	1,4	2,8
Cape Winelands District	4,8	1,8	2,7
Eden District	6,1	3	3,8
Overberg District	5,7	4,2	3,4
Central Karoo	4,3	3,4	2,6

As per table17, the Central Karoo managed to grow by 3.4 per cent per annum during the recessionary period (2008-2009). This impressive growth rate however contracted to 2.6 per cent during the recovery period (2010-2013) which is significantly off the District's trend rate of 3.9 per cent.

Industry	City of Cape Town	West Coast District	Cape Winelands District	Eden District	Overberg District	Central Karoo District
Agriculture,forestry And fishing	9.7	-0.3	0.6	1.6	-0.3	-0.7
Manufacturing	2.4	-0.3	1.8	3.6	5	8.8
Construction	5.5	6.2	6.6	8.7	7.9	8.6
Commercial services	4	6.1	5.3	4.9	6.2	3.9
General government And Community, social And personal services	2.9	2.8	4	5.2	3.3	3.5
Other	1.5	-3	1.8	-0.4	-0.1	0.7
Total	3.4	3	3.5	4.6	4.6	3.9

Source: Municipal Economic Review and Outlook (MERO), 2015

As mentioned previously, the Central Karoo experienced significant growth for the period 2005-2013.

It is evident from Table 18 that this performance was largely supported by strong growth within the manufacturing and construction industries that maintained average growth of 8.6 per cent respectively.

It is evident from Table18 that the construction sector grew strongly through the Western Cape. Central Karoo maintained the second highest construction growth rate amongst all other districts. The Central Karoo significantly outperformed all other districts in terms of growth within the manufacturing sector.

3.12. Labour Market

Unemployment remains one of South Africa's biggest challenges. Overall unemployment (as per the narrow definition) stood at 25% as at the end of 2014. Skills shortages, weak economic growth and electricity supply are amongst the most significant constraints on employment growth.

The NDP aims to reduce unemployment to 6% by 2030. Improvements in education and training are integral to the attainment of this goal. These issues are structural and are felt at the local government level, where high levels of unemployment puts significant pressure on municipal funds.

The Central Karoo shed jobs or its employment contracted by 0,6%.

Central Karoo District: Employment by Sector, 2013

Sector	Employment %
--------	--------------

Commercial Services	39%
General Government, Social and personal Services	32%
Agriculture, forestry and fishing	15%
Manufacturing	7%
Construction	7%
Other	0%

It is interesting to note that despite being the fastest growing sectors in the district the construction and manufacturing sectors employ the smallest percentage of the district's workforce (each at 7%)

Industry employment	City of Cape Town		West Coast District		Cape Winelands District		Overberg District		Eden District		Central Karoo District	
	GDPR trend	Net	GDPR Trend	Net employ	GDPR Trend	Net employ	GDPR Trend	Net employ	GDPR Trend	Net employ	GDPR Trend	Net employment
Agriculture, forestry and fishing	9,70%	3 654	0,30%	-20 804	0,60 - 38 284	-	-0,30%	-13 097	1,60%	-12 881	-0,70%	-2 175
Manufacturing	2,40%	-40 465	0,30%	-4 108			5,00%	-4	3,60%	-3 136	8,80%	269
Construction	5,50%	-21 983	6,20%	-1 395	1,80%	-557						

Due to the negative growth in the Agricultural sector for the period 2005 – 2013 net employment decreased by 2 175. The other sector where job losses was experienced is in the construction that shed 88 jobs. This is rather interesting as these are the fastest growing sectors in the district.

Consideration of employment figures per skills sector indicates that there has been an increased demand for highly skilled labour throughout all districts of the Western Cape. In the Central Karoo employment in this category increased by 0,60% for the period 2005 – 2015.

CHAPTER 4: STATUS QUO (INSTITUTIONAL DEVELOPMENT)

4.1. Financial Performance

This chapter provides information regarding the financial performance of the municipality for the 2014/2015 financial year. This is based on the recent audited financial statements

4.1.1. Statement on financial performance

The statement of financial performance provides an overview of the financial performance of the municipality and focuses on its financial health

CENTRAL KAROO DISTRICT MUNICIPALITY

GRAND TOTAL	19	67	1	11	10	23	0	10	0	0	141

CHAPTER 5: STRATEGIC AGENDA

5.1 Provincial Delivery Plan (PDP):

The Provincial government of the Western Cape has embarked, in consultation with local municipalities, on what is called a Provincial Delivery Plan (PDP). This plan seeks to ensure the implementation of the National Development Plan. In pursuit of better alignment between provincial sector departments and municipality, a process of IDP Indaba 1 and 2 were put in place. This was a platform for municipalities to engage with province. The IDP Indaba 1 was subsequently changed to be known as the Joint Planning Initiative (JPI).

5.2 Joint Planning Initiative (JPI)

As part of continuously evaluating and assessment, the IDP Indaba I was seen to be not so effective and was replaced by what is called a Joint Planning Initiative (JPI).

Province in collaboration with the district and local municipalities have worked tirelessly in making the planning processes and implementation work better. There are still some challenges in making this work perfectly but there is sufficient willingness to deal with this.

Different platforms are used to work on improving this initiative like:

- The IDP Indaba Working Group (IIWG) at provincial level.
- The district Alignment Sessions / Workshops
- The district IDP Indaba 2 Engagements
- The Joint Planning Initiative Engagements (Previously IDP Indaba 1)

5.3. Vision

‘Working Together In Development and Growth’

5.4 Mission

The Central Karoo District Municipality (CKDM) strives to implement its mandate through:

- Ensuring that future growth improves the quality of life of all,
- Being financially sustainable,
- Maintain its rural character and create health communities,
- Facilitating economic growth through improving infrastructure and green energy opportunities,
- Providing strategic leadership and coordination to local municipalities, and
- Upholding principles of good governance for a range of income levels.

5.5 Values

Central Karoo District Municipality subscribes to the following values;

- Openness and transparency (we are transparent in our decision making and our performance),
- People centered (we are honest and do the right thing),
- Passion (we demonstrate passion for our work and our communities),
- Accountability (we take responsibility for our actions and results),
- Loyalty (we are loyal to our colleagues, our employer and our stakeholders),
- Discipline (we have the discipline to take responsibility and do the job we are appointed for), and
- Service excellence (we serve the needs of our citizens and employees at an exceptional standard).

5.6 Strategic Objectives

The municipality has in its review adopted 8 Strategic Objectives which are aligned with the national key performance areas and the core functions of the municipality. We are working together to ensure effective and sustainable service delivery and will therefore pursue the following objectives:

1. To improve and maintain district roads and promote effective and safe public transport for all.
2. To deliver sound administrative and financial services, to ensure viability
3. To plan to minimize the impact of social ills, disasters and improve public safety in the region.
4. To establish an inclusive tourism industry through sustainable development and market which is public sector led, private sector driven and community based.
5. To build a well capacitated workforce and skilled employable youth and communities
6. To pursue economic growth opportunities that will create descent work.
7. To facilitate good governance principles and effective stakeholder participation.
8. To promote safe, healthy and socially stable communities in an environment conducive to integrated and sustainable development.

5.7 STRATEGIC ALIGNMENT

5.7.1 Provincial Strategic Goals

The provincial government of the Western Cape has reviewed its 12 provincial strategic objectives (PSOs) to five provincial strategic goals (PSGs). These are:

1. Create opportunities for growth and jobs
2. Improve education outcomes and opportunities for youth development.
3. Increase wellness, safety and tackle social ills.
4. Enable a resilient, sustainable, quality and inclusive living environment.
5. Embed good performance and intergrated service delivery through partnership and spatial alignment.

5.7.2 Strategic alignment between CKDM and local municipalities

Some of the documents to be considered for alignments are:

- Millennium Development Goals (MDGs)
- The National Development Plan
- Provincial Strategic Outcome 9
- The Provincial Spatial Development Framework (PSDF)

	Laingsburg	Prince Albert	Beaufort West	Central Karoo District
Vision	A desirable place to live, invest and visit, where all people enjoy a sustainable quality of life	Prince Albert, an area characterised by high quality of living and service delivery.	Beaufort West, land of space in the Great Karoo strives to improve the lives of all its residents by being a sustainable, expanding and safe town.	Working Together In Development & Growth
Mission	To create a people centred and economically viable municipality where all have equal access to: <ul style="list-style-type: none"> • basic social services • educational and skills enhancement programmes • entrepreneurial and job opportunities as well as Enjoy a clean, sustainable environment embedded in safety and security, which is Governed by a participative, professional, transparent and accountable administration 	To create an enabling environment to achieve our vision, in the delivering of quality and sustainable services to our community.	To reflect the will of the South African People as reflected by the Constitution and Parliament	Central Karoo place a high priority upon ensuring that future growth improves the quality of life in the region. It is the desire to be financial sustainable, maintain the rural character and create healthy communities by facilitating economic growth, improving infrastructure and the green energy opportunities, providing and supporting alternative modes of delivery (shared services), improve marketing, branding and communication with all stakeholders, provide excellent disaster and risk management services, and maintaining housing choices for a range of income levels.

	Laingsburg	Prince Albert	Beaufort West	Central Karoo District
Economic Development	Create an environment conducive for economic development	To stimulate, strengthen and improve the economy for sustainable growth.	Agricultural business to improve the job creation potential.	To pursue economic growth opportunities that will create descent work.
			Creation of employment to reduce unemployment to acceptable levels.	
			To reduce poverty and to promote the empowerment of women.	
Standard of living	<p>Improve the standards of living of all people in Laingsburg.</p> <p>Improve the social environment with community beneficiation, empowerment and ownership.</p> <p>To promote a safe and healthy environment and social viability of residents through the delivery of a responsible municipal health service. Developing</p>	To improve the general standards of living	HIV/ AIDS sufferers involved in economic and household responsibilities.	<p>To ensure a united integrated development path in a safe and sustainable environment.</p> <p>Improve the social environment with community beneficiation, empowerment and ownership.</p> <p>To promote a safe and healthy environment and social viability of residents through the delivery of a responsible municipal health service.</p>
			To create a crime free, safe and healthy environment	

	a safe, clean, healthy and sustainable environment for communities			
				To effectively plan to minimize the impact of disasters on the community, visitors, infrastructure and environment
	Laingsburg	Prince Albert	Beaufort west	Central Karoo District

	NDP11: Building a capable developmental state	SO7: To facilitate good governance principles and effective participation SO2: To deliver sound administrative and financial services and to ensure viability

5.9 Development Thrust per Municipality strategic Objectives

Strategic Objective: 1: Improve and maintain district roads and effective and safe public transport

National KPA 1 : Basic service delivery and infrastructure investments

CKDM KPA : Bulk services roads and public transport

Pre-determined objectives	Strategies/ Approach	Projects/Activities
<ul style="list-style-type: none"> • Execute regional bulk infrastructure planning And implementation of projects. • Reduce road infrastructure development and Maintenance backlog • Coordinate the shift from the use of private Transport to use public transport. • Support the move from freight to rail • Create an environment to increase Road traffic safety • Bulk water supply 	<ul style="list-style-type: none"> • Develop and implement the District bulk infrastructure master plan • District mobility strategy • Facilitate implementation of the District Integrated Transport Master plan (DTIP) • Support the creation of a cost effective rail system • Support AARTO law enforcement information system (road sign and marking by B-Mun) • Fast track Gariep dam project 	<ul style="list-style-type: none"> • Integrated public transport networks , coordinate the district forum meetings. • Participate in the integrated transport steering committee meetings. Coordinate/ assist with implementation of strategies. • Storm water management • Cooperation between affected and neighbouring district • Develop water catchment dams • Mobilize for subsidized transport throughout the district.

STRATEGIC OBJECTIVES 2: Deliver Sound Administrative and Financial Services to Ensure Viability

National KPA : Municipal financial viability and management
 CKDM : Municipal Financial viability

Pre- determined Objectives	Strategies/ Approach	Projects/Initiatives
<ul style="list-style-type: none"> • Mobilize external funding Resources • Institute financial reforms • To archive effective and Efficient financial administration • Find Innovative ways of increasing Additional source of funding 	<ul style="list-style-type: none"> • Get services of an external Fundraiser • Develop fundraising strategy • Implementation financial Management and planning reforms • Annual review of financial policies • Create platform inter departmental collaboration 	<ul style="list-style-type: none"> • Maintain funding date base • Generate funds through agency Functions • Cost saving measure • Establish inter departmental Funding task team • Annually approved budget by Council.

Strategic Objectives 3: Plan to minimize the impact of disasters on communities and Public safety in the region

National KPA : Basic service delivery and infrastructure investment
CKDM KPA : Environment sustainability and Public safety

Pre- determined Objective	Strategies/Approach	Projects/ Initiatives
<ul style="list-style-type: none"> To conserve and protect the District's natural environment. Reduce disaster management and Emergency services by ensuring Legal compliance with regards to the Disaster management centre Regulations and ensuring fire and Rescue services according South African National standards code Promote a healthy and green environment 	<ul style="list-style-type: none"> Implement integrated waste management Plan Develop air quality management plan Implement air quality plan Climate change adaptation and integration Facilitate fire and emergency response Related training. Implement disaster management Initiatives Environment awareness programs in liaison with Partners and civil society, NGO, etc. 	<ul style="list-style-type: none"> Develop district and/or Local landfill sites Develop a waste minimization strategy Conduct waste education Provision of support staff Enforcement of waste legislation SLA with B municipalities Ring fence and generate additional income Identify and explore renewable sources of energy Solar water geyser projects Composting initiatives Establish a disaster management advisory forum Celebrate special environmental calendar days. Greening initiatives

Strategic Objectives 4: Promote safe, healthy socially stable communities in an environment conducive to sustainable development

National KPA : Basic service delivery infrastructure investment

CKDM KPA : Infrastructure development and Service delivery

Pre- determine Objectives	Strategies/ Approach	Project/ Initiatives
<ul style="list-style-type: none"> Foster healthy To reduce child mortality and increase Life expectancy Help reduce poverty levels in the district 	<ul style="list-style-type: none"> Implement municipal health Services in terms of the National Health Act Strengthen NGO's and other partnerships Early childhood development (ECD) District disability strategy Support to elderly Implementation of Youth policy 	<ul style="list-style-type: none"> Water quality monitoring, Waste Management and monitoring, Food Control, Health Surveillance of premises, Environ-mental Pollution Control, Communicable Diseases Control, Vector Control, Chemical Safety, Disposal of the Dead and Health and Hygiene Training and Education Establish district AIDS Council and assist local AIDS councils in B municipalities Develop policy for early childhood development Assist ECD centres Partnership with disability NGO's

Strategic Objectives 5: Build a capacitated workforce and skilled employable youth and communities

National KPA : Municipal Transformation and Institutional Development

CKDM KPA : Institutional development and Transformation

Pre- determined Objectives	Strategies/ Approach	Projects/Initiatives
<ul style="list-style-type: none"> Contribute towards the human resource. <p>Development of staff and community.</p> <ul style="list-style-type: none"> Forge partnership with tertiary institution (FET) Ensure B-municipalities and sector departments increase the skills levels in the district focusing on Women, youth and disabled groups. Implement municipal transformation and institution development 	<ul style="list-style-type: none"> Support establishment of Central Karoo Educational and skills forum. Municipal transformation and institutional developme 	<ul style="list-style-type: none"> Develop terms of reference for forum, develop a skills data base. Identify industry specific training needs and area specific skills shortages Memorandum of understanding with FET college/s Employment equity vacancy levels

Strategic Objectives 6: To establish an inclusive tourism industry through sustainable development and marketing which is public sector led, private sector driven and community based.

Pre- determined Objectives	Strategy / Approach	Projects / Initiatives
<ul style="list-style-type: none"> Facilitate tourism development through partnerships 	<ul style="list-style-type: none"> Develop tourism marketing and development strategy 	<ul style="list-style-type: none"> Implement tourism strategy
<ul style="list-style-type: none"> Grow township tourism 	<ul style="list-style-type: none"> Develop township tourism strategy 	<ul style="list-style-type: none"> Identify township tourist routes Beautify tourist routes
<ul style="list-style-type: none"> Revive and strengthen tourism organisation 	<ul style="list-style-type: none"> Strengthen local and regional tourism organisations 	<ul style="list-style-type: none"> Develop clear roles and functions of these organisations in line with the Tourism Act
<ul style="list-style-type: none"> Market the region 	<ul style="list-style-type: none"> Develop a marketing strategy 	<ul style="list-style-type: none"> Do sport tourism and cultural tourism events

Strategic Objective 7: To pursue economic opportunities that will create descent work

National KPA : Local Economic Development

CKDM KPA : Local Economic Development

Pre-determined Objectives	Strategy/ Approach	Projects/ Initiatives
<ul style="list-style-type: none"> • Create a conducive environment to stimulate Local Economic Development (LED) in the district • Facilitate tourism development through Partnerships with tourism organization (LTO's) • Create sustainable job opportunities 	<ul style="list-style-type: none"> • Create and support LED forums • Develop LED friendly policies as an Enabling environment • Coordinate EPWP in the district • Develop and implement tourism marketing And development strategy • Mobilise private sector around the Youth Incentive subsidy • Develop and/or Support Township Tourist route Initiatives • Establish Regional Tourism Organization (RTO) • Establish Youth and Women entrepreneurs • Develop Springfontein dam • Develop Tourism Development and Marketing Strategy 	<ul style="list-style-type: none"> • Identity key sector • Coordinate sector awareness programmes (skill development) • Develop mentorship programmes for SMMEs • Develop culture of inter-governmental relations to implement (LED) • Support Comprehensive Rural Development Programme (CRDP) as priority of National government • Do feasibility study for Springfontein dam • Establish Cooperatives • Develop economic friendly policies • Marketing of Tourism attractions

Strategic Objectives 8: Ensure Good Governance and stakeholder participation

National KPA : Good Governance and Public Participation

CKDM KPA : Governance and Communication

Pre-determined Objectives	Strategies	Projects/ Initiatives
<ul style="list-style-type: none"> Advance communication between Internal and external role players through (IGR) internal governmental relations Institutionalize performance management Throughout the entire organization Enhance the district coordination role through Implementing the shared services concept Improve public participation and interest 	<ul style="list-style-type: none"> Develop and implement a district communication strategy Coordinate functioning of the district IGR Forum Follow an inclusive process to develop the district IDP Provision of ICT, infrastructure system and support Implement the performance management system Re-engineer the district shared services model Implement shared services initiatives Finalise the services level agreement (SLA) per initiative with a B municipality Re- activate speakers forum 	<ul style="list-style-type: none"> Develop and distribute a district newsletter Hold DCF and MMF meetings Approval of district IDP process and framework Plan, Convene district IDP managers and Representative forum meetings Performance contracts of senior managers, SDBIP approval annually Update and review council property database MoUs between municipalities on shared services Monitor functioning of ward committees Hold district speakers forum

5.10 Long Term Development (Growth and Development Strategy-GDS)

The municipality has taken the decision to review the Growth and Development Strategy as developed in 2007. That such a strategy will be developed for the fourth (4th) Generation IDP cycle.

Funding will be sourced to ensure the development of the strategy.

5.10.1 DISTRICT WIDE PROJECT EMANATING FROM THE JOINT PLANNING INITIATIVE

PUT IN JOINT PLANNING PROJECT TEMPLATE IN HERE

5.11 GAME CHANGERS (UNFUNDED)

The Central Karoo district municipality through a process outlined by the provincial government has identified long term strategic priority projects called game changers. These projects when successfully implemented are meant to make a huge turn around and impact on the lives and future sustainability of the municipal area.

These projects are:

- Implementation of Central Karoo District Mobility Strategy
- Shale Gas Fracking
There has been engagements held with both Shell and Falcon on possibilities of shale gas mining, and the potentials these projects have on our economy. Further engagements have shown that there is a potential for the District municipalities to benefit from the access of water that will be extracted during the exploration phase, and these waters will be used for both consumption and industrial use.
- Expanding the Shared Services Capacity
- Regional Economic Competitiveness
As indicated in the Participatory Advisory of Competitive Advantage of the region.
- Regional Economic Development Strategy
The Department of Local Economic Development and Tourism, has undertaken to assist the Central Karoo District Municipality in reviewing the current strategy which is the Khulis' u Mnotho and also make use of the Participatory Advisory of Competitive Advantage as a source of information that can assist the District in drafting and ultimately approve a new district wide strategy.
- Agro-Processing
The Agri parks, which is the biggest agricultural project initiated by the department of Rural Development and Reform seeks to encourage agri processing.
The Agri hub will be situated in Beaufort West where most produce will be processed, packaged and sold to the markets.
- Green economy (Solar and Wind energy)

5.12 SOCIAL DEVELOPMENT

There are a lot of issues that constitute the current situation pertaining to social development or lack thereof. The Central Karoo District has been declared by the then President Thabo Mbeki's administration as one of the poorest district in the Western Cape and in South Africa. This led to the district being declared as one of the country's Integrated Sustainable Rural Development (ISRDP) nodes. Being part of this programme raised the hopes of the people of the Central Karoo as it promised to avail scarce resources including finances.

This programme has in the main focused on unlocking infrastructure funding known as the Consolidated Municipal Infrastructure Programme (CMIP) currently known as the Municipal Infrastructure Grant (MIG)

Most if not all of the Municipal Infrastructure Grant (MIG) projects should be considered to be candidates for the EPWP programme. Contractors implementing EPWP infrastructure sector projects should subscribe to the standards as set out in the EPWP programme.

5.13 Expanded Public Works Programme

The following table illustrates the signed protocol between the MEC Of Transport and Public Works in the Western Cape and The Executive Mayor of the Central Karoo District Municipality on EPWP (2014 – 2019)

5.13.1 These are EPWP Phase 3 targets for the Central Karoo District Municipality

Year	Work opportunities		Full Time Equivalent		Incentive/conditional Grant Allocations
	Target	Achieved	Target	Achieved	
2014/15	410		93		R1 212 000
2015/16	394		94		R 1 038 000
2016/17	443		111		
2017/18	429		114		
2018/19	416		116		

5.13.2 EPWP Targets per Municipalities in the district

Municipality	2014/15		2015/16	2016/17	2017/18	2018/19	5Yr Total
Beaufort-West	FTE	115	113	120	131	136	615
	W/O	323	316	328	350	357	1 674
Laingsburg	FTE	25	27	31	36	38	157
	WO	74	80	89	103	109	455
Prince Albert	FTE	26	29	33	38	41	167
	WO	77	85	95	111	119	417
Central Karoo DM	FTE	93	94	111	114	116	528
	WO	410	394	443	429	416	2 092

5.13.3 Central Karoo District Municipality EPWP Project List for 2016/17

The identification of EPWP projects is very critical in the implementation and achievement of the Protocol and Grant Incentive Agreements. Phase 3 of the EPWP programme is very critical in fighting poverty through creating Work Opportunities and Skills for the Unemployed.

The following are projects identified to be implemented in the 2016/17 financial year.

SECTOR	PROJECT NAME	DURATION	BUDGET
SOCIAL	Data capturers	One year	R135 000,00
	School Sports Liason Officers	One Year	R299 300,00
INFRASTRUCTURE	Painting of Heritage building and schools	One Year	R150 000,00
ENVIRONMENT & CULTURE	Cleaning & Clearing	One Year	R112 992,00

The above mentioned are new projects for the financial year 2016/17. The Expanded Public Works Programme (EPWP) allocation as per the draft Division of Revenue (DoR) Bill for this financial year is R1 000 000.

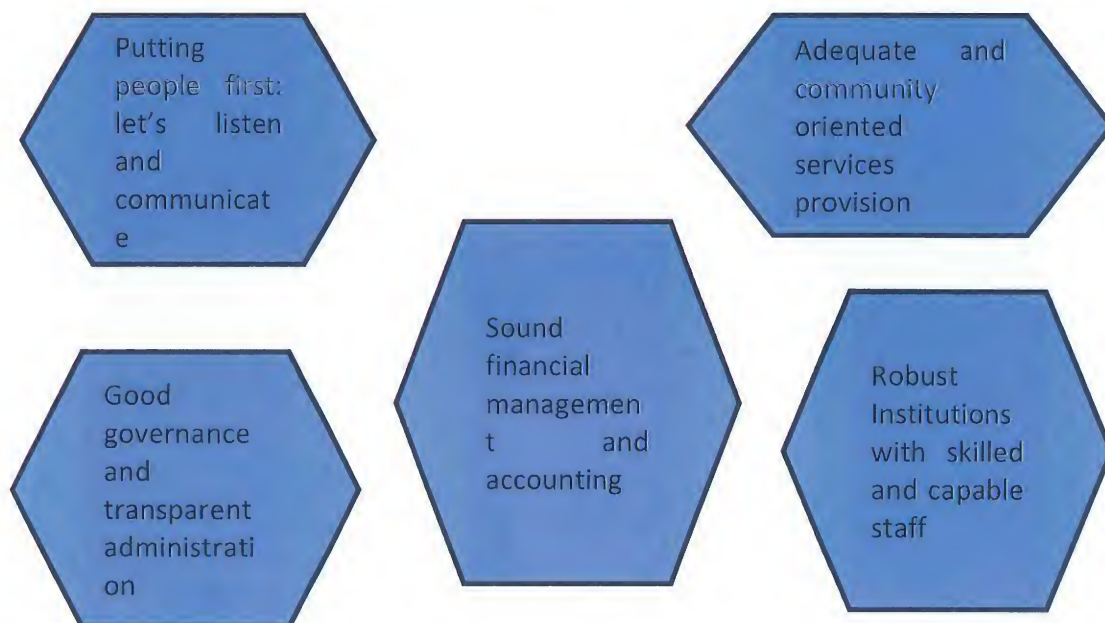

5.14. BACK TO BASICS

- The context for the Back to Basics Concept and Approach...

In the SoNA of 17 June 2014 President Zuma stated that...."National Government would like people's experience of local government to be a pleasant one".... And that ."Government has formulated a plan of action to revitalize local government..."

5.14.1. What does "Getting the Basics Right" Mean?

1. PUTTING PEOPLE FIRST: LISTENING AND COMMUNICATE

ACTIVITY	WHEN	RESPONSIBLE
Mayor's Listening Campaign (IDP)		
Celebrate Commemorative Days	AS PROCLAIMED	Youth Officer
Listening to the Elderly	TBC	IDP & Youth
Women in Development Indaba	March 2016	IDP & Youth
Youth Summit	June 16	Youth Officer
Staff / Employees meetings	10 March 2016	IDP
Conference: People living with disabilities	15 March 2016	Youth

2. GOOD GOVERNANCE AND SOUND ADMINISTRATION

ACTIVITY	WHEN	RESPONSIBLE
Establish District Speakers Forum		
Develop /Review Relevant Policies		

3. SOUND FINANCIAL MANAGEMENT AND ACCOUNTING

ACTIVITY	WHEN	RESPONSIBLE
Conform to MFMA Regulations	On going	CFO
Put measures in place for Clean Audit	On going	MM / CFO

4. ADEQUATE AND COMMUNITY ORIENTED SERVICE PROVISION

ACTIVITY	WHEN	RESPONSIBLE
Workshop and Apply the Batho Pele Principles across the municipality		Corporate Services Department
Develop a Code of Ethics		Corporate Services
Develop Individual Specific Training Needs		

5. ROBUST INSTITUTION WITH SKILLED AND CAPABLE STAFF

ACTIVITY	WHEN	RESPONSIBLE
Develop Individuals Development Plans		
Introduce Organizational Dev Workshops		

CHAPTER 6: INSTITUTIONAL ARRANGEMENTS

6.1. Central Karoo District Municipality Institutional Arrangements

6.1.1 Political Structure of Council

Since the inception of the new council in May 2011 the African National Congress (ANC) has six (6) Councillors, the Democratic Alliance (DA) has six (6) councillors and the 'Karoo Gemeenskap Party' (KGP) has one (1) Councillor

6.1.2 The Central Karoo District Municipality into perspective:

The municipal council consists of thirteen (13) councillors from three various political parties namely: African National Congress (ANC), Democratic Alliance (DA) and the Karoo Gemeenskap Party (KGP).

Executive Mayor: Cllr E.Njadu (ANC)

Speaker: Cllr Bostander (ANC)

Dep. Exec. Mayor Cllr Maans(ANC)

Cllr. deVos (ANC)

Cllr M.Hangana(ANC)

Cllr.I.Windvogel (KGP)

Cllr Slabbert (DA)

Cllr M.Furmen (ANC)

Cllr Nortje(DA)

Cllr Rabie (DA)

Cllr B.van Ass (DA)

Cllr D. Willemse (DA)

Cllr J. Mocke (DA)

The Central Karoo District Municipal Council consist of thirteen (13) councillors of whom seven are appointed by the councils of the constituent Local Municipalities and six (6) are directly elected by party list proportional representation

Table 6.1: Composition of council

Municipality	Numbers of representation
Beaufort –West	5
Prince- Albert	1
Laingsburg	1

Table 6.2 Full composition of council

Councillors	Number
Number of full council	13
Directly elected councillors	6
Indirectly elected councillors	7
Female councillors	3
Male councillors	10

6.1.3 The Executive Management:

MUNICIPAL MANAGER: Mr.S.Jooste
 ACTING CHIEF FINANCE: Mr. R. de Bruyn
 DIRECTOR TECHNICAL SERVICES: Mr. K. Theron

The Directorate Corporate Services Mr Nortje resigned and the department is currently without a director and that these responsibilities have been put under the municipal manager. A task team of councillors has been established that will look into the dissemination of the corporate services duties coupled with the entire organisational structure overhaul

CHAPTER 7: FUNCTIONAL PERSPECTIVE

7.1 Sector Plans

One of the key components of an IDP is the inclusion of sector plans in the IDP. The following table illustrates the status of the sector plans for the Central Karoo District Municipality. Some of the sector plans have already been approved by council and some not.

7.1.1 Long term Financial Plan

This specific plan as a key component of the IDP has not yet been developed. The municipality is awaiting funding promised by the Provincial Treasury in assisting the municipality to develop such a plan.

Sector	Date Of Adoption	Council Resolution Number	Under review	Completion Date	Submit to Relevant Sector Department
Spatial Development Framework	22 May 2014		No	N/A	Yes
Local Economic Development / PACA			Yes	2015	Yes
Water services Development plan	N/A	N/A	N/A	N/A	N/A
Integrated Transport Plan	22 May 2014		No	N/A	Yes
Air Quality Management Plan	22 May 2014		Yes	22 May 2015	Yes
Disaster Management Plan					Yes
Financial Plan			No		No
Infrastructure Development Plan			No		No

7.1.2 Disaster Management Plan

Introduction

Contrary to popular thinking in the past, disaster risk management is neither a line function nor an emergency service. Rather, it must be seen as a management function within the municipal arena. (National Disaster Framework, page 18).

Disaster Management evolved from Civil Defence which started during the Second World War when communities organized themselves to protect their properties and lives. Since then it grew into more formal Civil Defence structures, but always with the emphasis on response (e.g. 1969 earthquake in Tulbagh and 1981 flood in Laingsburg,

the Army was primarily responsible for the response to the disasters.) After the 1994 flood in the Cape Flats, legislation was revised in order to put the emphasis on prevention rather than response. As a result the Disaster Management Act was promulgated.

Legislation

Besides the Constitution, the main pieces of legislation regulate Disaster Management in South Africa:

- The Disaster Management Act (2002)
- The National Framework on Disaster Management (2005)
- The Disaster Management Regulations (2011)
- The Provincial Framework
- CKDM Disaster management Framework (updated April 2012).

From this legislation subsequent policies were drawn up for the Central Karoo District Municipality:

The Disaster Management Risk Assessment of April 2013.

The Framework consist of four Key Performance Indicators:

KPA 1: Institutional Capacity

- Disaster Management Advisory Forum has been established and meets twice a year.
- Disaster Management Centre at Beaufort West was opened in 2007 and provides a 24 hour call taking and dispatch function from EMS. In addition the Organizational Management facility (Boardroom) provides a venue for planning sessions during the risk reduction phase.
- The Centre also hosts the offices of the emergency services for the Central Karoo and Provincial Traffic.

All of the above makes it possible to render a service of this nature to the citizens of Central Karoo District.

KPA 2: Risk Assessment

This assessment, a scientific tool, indicated the total risk for CKDM but also specific risks that were present within each local municipality.

The following risks were identified:

- Drought
- Extreme Weather
- Floods
- Snowfalls
- Windstorms
- Disruption of Electricity Supply / Power Failure (sustained)

- Hooliganism / Civil Unrest / Rioting / Public Disorder
- Road Traffic Incident, incl. Road Transportation Disruption/Blockades/Traffic Congestion
- Predators where farming with animals
- Hazmat Incident or Chemical or Biological Agents' or Radio-active Materials' (CBR) Release
- Fire – Structural or Effects of Pyrotechnics
- Aircraft Incident
- Rail Incident
- Disruption of Water Supply
- Disruption of Sanitation & Stormwater Systems
- Disruption of Solid Waste Removal Services
- Epidemic / Major Infectious Disease Outbreak, incl. Food Safety issues
- Animal Diseases
- Environmental Pollution
 - Ground / Air / Water
- Bomb Threat / Hostage-taking
- Disruption of Commercial or Governmental Activities.

In order to address specific risks, a plan is drafted for most important risks covering the whole Disaster continuum: from an early warning, to the response phase and then ultimately to the reconstruction phase, restoring everything to normal.

These plans are normally drafted by the risk owner at National and/or Provincial level. From these plans a contingency plan is drafted for the Central Karoo District Municipality clarifying the role and responsibilities within the Municipality.

It became evident that Climate Change will have a severe effect and influence on all these risks.

KPA 3: Risk reduction

- Actions that have been put in place to either avoid, reduce, transfer or manage the risk. This should be reflected in the individual risk specific plans.

KPA 4: Response and recovery

- In this section all corporate response and recovery planning related to the risks identified must be discussed. This is normally also reflected in the risk specific plans. Response and recovery is normally very well linked to Standard Operating Procedures that are being used by the line functions to standardize their response efforts. During this phase the decision can be taken to declare a disaster.
- When is it a disaster?

Disaster means a progressive or sudden, widespread or localised, natural or human-caused occurrence which causes or threatens to cause death, injury or disease, damage to property, infrastructure of the environment, or disruption of the life of a community and is of a magnitude that exceeds the ability of those affected by the disaster to cope with its effects using only their own resources. (Disaster Management Act)

In practice this means that when a municipality has reached the end of its own capacity or capability it may declare a local disaster. When a district gets involved and more than one municipality is involved, a district disaster may be declared. If more than one district has reached its capacity a provincial disaster may be declared.

The framework also has three overarching Enablers, namely:

- **Enabler 1: Information management and communication**

Distribution of information and communication e.g. early warnings and data base of role players. This will be reflected in each of the risk specific plans.

- **Enabler 2: Training, education and awareness**

In this section all corporate training education and awareness planning related to the risks identified must be discussed. Training, education and awareness can also be seen as risk reduction and should be indicated as such in the risk specific plans.

- **Enabler 3: Funding**

In view of the fact that the success and implementation of all the above planning is dependent on adequate funding and the identification of the sources of funding according to the MFMA.

To conclude: Disaster Management's role in the IDP is to look at capital developments and determine the risks accordingly.

7.1.3 Spatial Development Framework

Linkage between the SDF and the IDP

The Spatial Development Framework Plan is a spatial representation, or map, of the Integrated Development Plan (IDP)'s objectives which is linked to funded projects through the budget of the district Municipality.

The SDF should give guidance to all Municipal Department and consider the impact of the built environment, such as natural environment, socio-economic issues, infrastructure and services, housing development and any other related aspects. The integration of the sector plans, which form part of the IDP, from the various service departments it is very important that these sector plans inform the SDF and thus inform the plans and objectives as rolled out by the various departments within the respective District Municipality.

Central Karoo Spatial vision, Objectives and principles

No amendments made. Refer to 2014/15 document

Spatial Development Principles:

Remains the same as adopted. Refer to 2014/15 IDP document

The situational analysis has highlighted several spatial challenges for the Central Karoo district Municipality.

These are summarised as follows:

- Poor housing provision and land availability for housing for farm dwellers
- Lack of adequate and affordable public transportation and non- motorised transportation
- Lack of land for land reform projects and over utilisation of commonage land
- Poor land and land use management particularly in respect of game farms and environmental management
- Decline in agricultural activity
- Areas vulnerable to climate change
- Poor infrastructure maintenance
- Under provision of land for conserving biodiversity and water sources (river systems)
- Lack of integrated human settlements
- Incoherent framework of investment in settlement in terms of public and private investment
- Uncertainty on mining (fracking) and land, infrastructure and resource availability to support mining

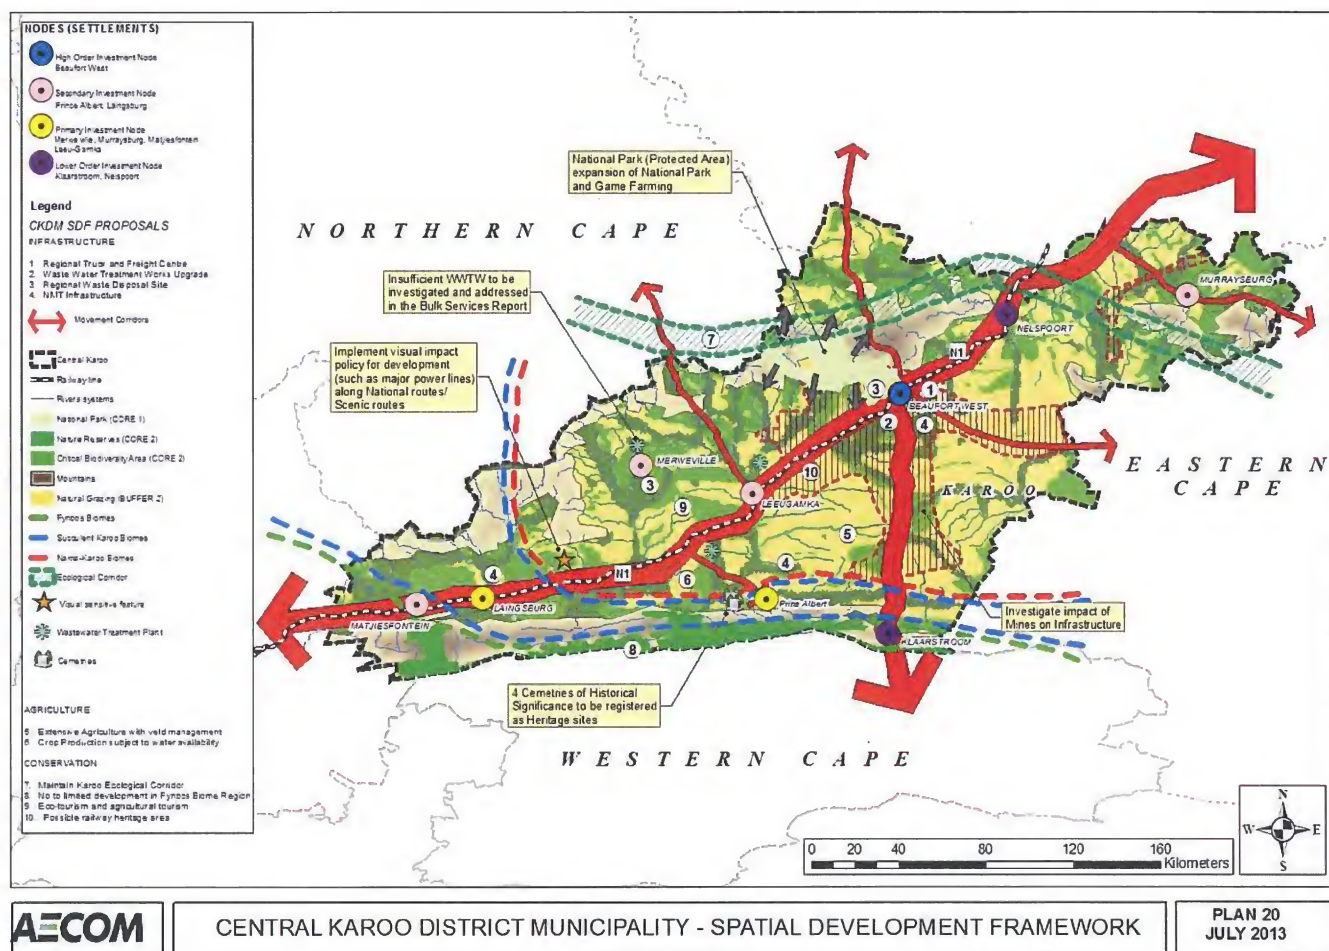

7.1.3.1 List of Projects as identified in the SDF

PROPOSAL No	Spatial Development Objective	Programme/Project	Implementation Agent
Prop 1	Establishment of functioning land use Management system	Protect and preserve biodiversity and conservation areas	Prince Albert and Laingsburg CBD Upgrade
Prop 2	Protect and preserve biodiversity and Conservation areas	Karoo Veld Management Programme	Central Karoo District
Prop 3	Protect and preserve biodiversity and Conservation areas	Audit and Registration of Key District Historic Sites	Central Karoo District
Prop 4	Protect and preserve biodiversity and conservation areas	Prince Albert and Laingsburg CBD Upgrade	Central Karoo District
Prop 5	Establishment of functioning land use management system	Guidelines for Private Game Reserve Development	Central Karoo District
Prop 6	Protect and preserve biodiversity and conservation areas	District Water Demand Management Strategy	Central Karoo District
Prop 7	Strategic land, infrastructure and economic development	Beaufort West Regional Truck and Freight Centre	Central Karoo District
Prop 8	Strategic land, infrastructure and economic development	District Commonage Management Plan	Central Karoo District
Prop 9	Strategic land, infrastructure and economic development	Regional Landfill Site Study	Central Karoo District
Prop 10	Strategic land, infrastructure and economic development	Investigation into New Aquifers	Central Karoo District
Prop 11	Strategic land, infrastructure and economic development	Investigation on Murraysburg Waste Water Plant	Beaufort West Mun
Prop 12	Establish of functioning land use management system	Laingsburg: Update policies, plans and by-laws	Laingsburg Mun

Prop 13	Establishment of functioning land use management system	Annual Review of Spatial Development Framework	Central Karoo District
---------	---	--	------------------------

7.1.4 Spatial Mapping Of Development Projects /Initiatives

The map below spatially indicates where some of the key projects/initiatives are planned to be located. This assist all spheres of government and the private sector to have a clearer indication of where investment is needed.

7.1.5 Local Economic Development (LED) Plan

Local Economic Development (LED) is about building the economy of a local area in order to improve the economic future and the quality of life of the people. The Central Karoo municipalities together with the Provision department of Economic Development and Tourism engaged in a process known as the Participatory Appraisal Competitive Advantage of these opportunities.

CKDM/PACA Vision

CKDM	PACA
Working together in development and growth	Support pro-poor economic growth and job creation through An integrated and participatory approach

CKDM/PACA

CKDM OBJECTIVES	PACA
Create conducive environment to stimulate localEconomic development (LED) in the district	To prepare an action oriented diagnosis of the Local economy
	Assess and refocuses on growth local economic development activities
Facilitate tourism development throughPartnerships with tourism organization	To increase our regional tourism competitive advantage
Create sustainable job opportunities	To initiate and coordinate economic Development activities

7.2.ECONOMIC DEVELOPMENT THROUGH AGRI-PARK

7.2.1. AGRI PARKS

Introduction

The Agri-Parks project started in July 2013 as a response to a formal request from the Minister to identify areas in South Africa where crop production can be enabled. An Agripark (AP) can be defined as a networked innovation system of agro-production, processing, logistics, marketing, training and extension services, located in District Municipalities. As a network it enables a market-driven combination and integration of various agricultural activities and rural transformation services.

The Agripark will comprise of three basic units:

1. The Farmer Production Support Unit (FPSU).

The FPSU is a rural outreach unit connected with the Agri-hub. The FPSU does primary collection, some storage, some processing for the local market, and extension services including mechanization.

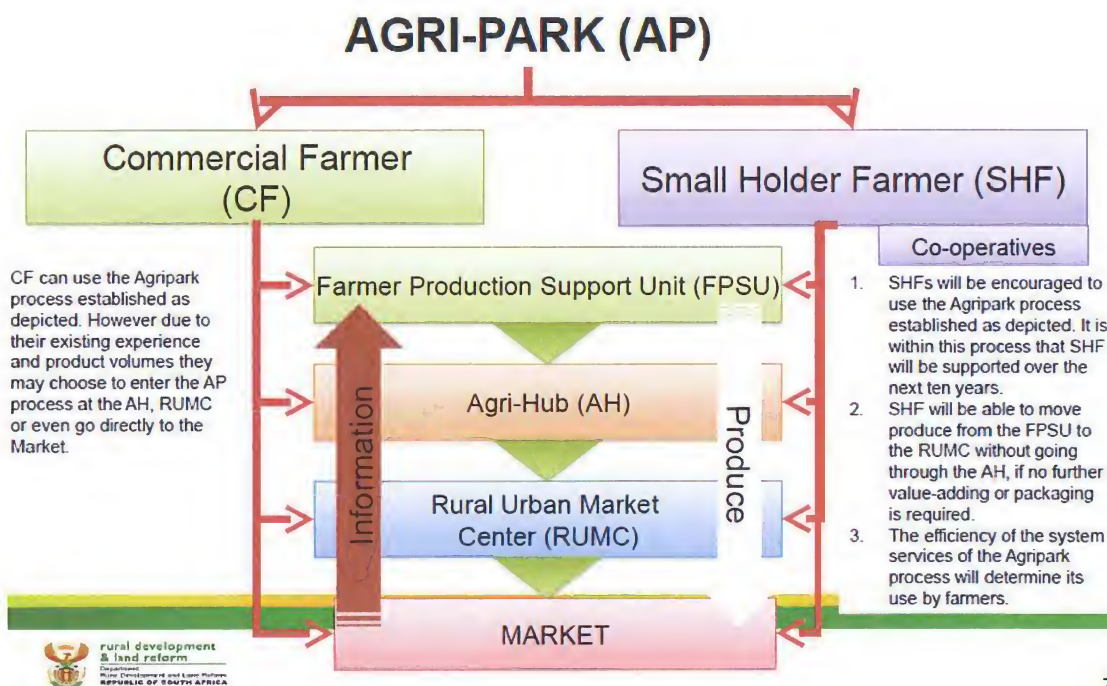

2. Agri-Hub Unit (AH).

The AH is a production, equipment hire, processing, packaging, logistics and training (demonstration) unit.

3. The Rural Urban Market Centre Unit (RUMC).

The RUMC has three main purposes;

- Linking and contracting rural, urban and international markets through contracts;
- Acts as a holding-facility, releasing produce to urban markets based on seasonal trends; and
- Provides market intelligence and information feedback, to the AH and FPSU, using latest information and communication technologies.

7

Objectives of Agri Parks:

- Establish Agri-Parks in all of South Africa's District Municipalities that will kick start the Rural Economic Transformation for these rural regions;
- Promote the skills of and support to small-holder farmers through the provision of capacity building, mentorship, farm infrastructure, extension services, production inputs and mechanization inputs;
- Enable producer ownership of the majority of Agri-Parks equity (70%), with the state and commercial interests holding minority shares (30%); and

4. Bring under-utilized land (especially in Communal Areas Land and land reform farms) into full production over the next three years, and expand irrigated Agriculture.

Ten guiding principles for Agri-Park establishment

1. One Agri-Park per District (44).
2. Agri-parks must be farmer controlled.
3. Agri-parks must be the catalyst around which rural industrialization will take place.
4. Agri-parks must be supported by government (10 years) to ensure economic sustainability.
5. Strengthen partnership between government and private sector stakeholders to ensure increased access to services (water, energy, transport) and production on the one hand, while developing existing and create new markets to strengthen and expand value-chains on the other.
6. Maximise benefit to existing state land with agricultural potential in the provinces, where possible.
7. Maximise access to markets to all farmers, with a bias to emerging farmers and rural communities.
8. Maximise the use of high value agricultural land (high production capability).
9. Maximise use of existing agro-processing, bulk and logistics infrastructure, including having availability of water, energy and roads.
10. Support growing-towns and revitalisation of rural towns, in terms of high economic growth, high population growth over past 10 years and promote rural urban linkages

Methodology for Agri-Park site selection:

1. The methodology for site selection has been informed by the following: the need to utilize existing state land with agricultural potential in the provinces. The need to create equal access to markets to all farmers within the province with a bias to emerging farmers and cluster of communities is required. The approach of having one Mega Agri-Hub per district is required. The knowledge that 27 districts need special intervention by government is required. Provinces have selected the proposed Agri Hub sites and the analysis was conducted based on these locations.
2. In the selection of the production hubs, a geographic analysis was conducted to identify all areas with greater soil potential and high to moderate potential agriculture within the provinces. The nearest strategic area to the production hub which could serve as collection points.
3. In selecting the best location for the Agro-Processing hub various indicators were used: the availability of the existing agro-processing plants, agricultural support/extension offices, and accessibility from all parts of the provinces linked with development potential of each District and ordering of nodes as gateways towns.
4. The mapping of the rural economy and clustering of challenges be considered which will give a representation of socio economic infrastructure to support identification.
5. Commodities mapping against soil capability and agriculture potential and Agri logistics and requirements at a regional scale. That was done in line with situational analysis i.e. rainfall per district, land availability (state land, AVMP sites, settled claims, recap projects or strategically located land).
6. The identification of gateways and economic potential of towns and linkages for agri logistics (roads).

7. Supporting programs and existing initiatives like CASP, PGDS, municipal SDFs, CRDP, identified AVMP sites and provincial agriculture master plan, spatial planning and value chain analysis guided by APAP to support or not support the growth constraints of value chains. The key component was the mapping of existing value agriculture chains.
8. The mapping of active and fallow lands and degraded lands for resuscitation purposes in traditional areas.
9. Spatial location of communities and potential for the revitalization of rural towns.
10. Lastly the availability of water schemes or water resources.

List of Agri Hubs in 44 Districts

27 PRIORITY DISTRICTS		
PROVINCE	DISTRICT MUNICIPALITY	PROPOSED AGRI PARK
Eastern Cape	OR Tambo	Lambasi (Port St Johns)
	Chris Hani	Ncora
	Amathole	Butterworth
	Joe Gqabi	Sterkspruit
	Alfred Nzo	Cedarville
KwaZulu-Natal	Amajuba	Dannhauser
	Harry Gwala (Sisonke)	Ebuta Farm
	Zululand	Vryheid
	iLembe	KwaDukuza (Stanger)
	Ugu	Horseshoe Farm
	Umgungundlovu	Umgeni
	Umkhanyakude	Mkuze
	Umzinyathi	Dundee
	Uthungulu	Eshowe
	Uthukela	Bergville
Limpopo	Vhembe	Nwanedi
	Mopani	Tzaneen
	Sekhukhune	Groblersdal
	Capricorn	Ga-poopedi
	Waterberg	Modimolle
Northwest	Bojanala	Makapanstad
	Dr Ruth Segomotsi Mompati	Vryburg
	Ngaka Modiri Molema	Springbokpan
Northern Cape	John Taolo Gaetsewe	Kuruman
Mpumalanga	Ehlanzeni	Bushbuckridge
Free State	Xhariep	Springfontein
Gauteng	West Rand	Randfontein (Brandvlei)
17 Districts		
PROVINCE	DISTRICT MUNICIPALITY	PROPOSED AGRI PARK
Eastern Cape	Sarah Baartman (Cacadu)	Addo
Northern Cape	Namakwa	Springbok

	ZF Mgcawu (Siyanda)	Melkstroom (Upington)
	Pixley ka Seme	Petrusville
	Frances Baard	Magareng
Northwest	Dr Kenneth Kaunda	Klerksdorp
Gauteng	Sedibeng	Rietkuil
Mpumalanga	Gert Sibande	Mkhondo (Piet Retief)
	Nkangala	Kameelpoort A
Free State	Thabo Mofutsanyane	Tshiame (Harrismith)
	Lejweleputswa	Wesselsbron
	Fezile Dabi	Parys
	Mangaung	Thaba Nchu
Western Cape	Cape Winelands	Ceres
	Central Karoo	Beaufort West
	Eden	Oudtshoorn
	Overberg	Bredasdorp
	West Coast	Vredendal

7.2.2 IMPLEMENTING THE AGRI-PARK PROGRAMME

7.2.2.1 INSTITUTIONALIZATION

The Central Karoo District Municipality, in conjunction with its constituent local municipalities, after having received the information that it is expected to implement the Agri-Park programme as part of the 44 district municipalities discussed the matter. It was unanimously agreed that Beaufort-West will be the municipality where the Agri-hub will be located.

It was further agreed that all local municipalities will each have what is known as Farmer Production Support Units (FPSU).

The district soon hereafter embarked on a process of institutionalizing the programme and as today the following structures are in place:

- CENTRAL KAROO DISTRICT LAND REFORM COMMITTEE
- AGRI-PARK FORUM CURRENTLY KNOWN AS THE DISTRICT AGRI-PARK COMMITTEE
- DISTRICT AGR-PARK MANAGEMENT COUNCIL
-

Each of the above structures has a clearly defined role to play as developed by the Department Rural Development and Land Reform.

7.2.2.2 IMPLEMENTATION

A service provider has been appointed by the department through its SPLUM branch to develop a District Development Plan. This plan entails a study into the levels of poverty in the district and zoomed into the challenges and opportunities as posed by the Agricultural sector.

The department further on appointed a service provider to drive the implementation of this Agri-Park programme. The service provider Camisa is tasked with developing a Master Business Plan. Currently they are busy finalizing the plans and is busy with consultations. This service provider was mandated to, through consultations with municipalities, come up with three key projects to be implemented.

Key outcomes expected from these consultations are:

1. Location of the Rural Urban Market Centre (RUMC)
2. The specific locations of the Farmer Production Support Units and facilities needed at each FPSU.
3. Agri-Park Processing opportunities and facilities needed

7.2.2.3 PRIORITISED AGRI-PARK PROJECTS

Project	Economic Impact of Project	SMME Development & Skills Development	Social Impact of Project	Project Score	Priority
Project A2: "Abattoir in Prince Albert (upgrade)" (from Prince Albert LM)	60	20	65	145	12
Project A3: "ZA number/certification" for abattoirs	65	35	50	150	10
Project C1 "Cold storage in Goldnerville – upgrade of Nanini 210CC abattoir" (from Laingsburg LM with Nanini 210CC)	70	85	65	220	1
Project FV11 "Onion Seed & Olive Production" (from Prince Albert LM) – need access to the Business Plan	55	70	65	190	3
Project O1 "SA Olives Branding Support" in order for existing olive oil farmers to obtain the SA Olives sticker	50	50	50	150	11
Detailed tourism sector strategy for the CKDM that indicates collaboration for cross-boundary initiatives with tourism offerings outside the CKDM boundary (thereby creating tourism routes) (therefore a combination of Project T01, Project T03, Project T04, Project T08, and Project T09)	65	65	65	195	2

Project	Economic Impact of Project	SMME Development & Skills Development	Social Impact of Project	Project Score	Priority
Detailed feasibility for Project A1 "Abattoir, Milk Processing Plant (goats), Fruit and Vegetable Processing unit and a Lucerne Plantation" (from Laingsburg LM)	50	50	65	165	16
Detailed feasibility for Project C2 "Cold Storage & Fruit Processing in Vleiland" (from Laingsburg LM)	60	70	75	205	6
Detailed feasibility for Project WM1 "Wool and Mohair Cleaning & Processing in Laingsburg" (from Laingsburg LM)	95	70	80	245	2
Business Plan for Project WM2 "Extension of Weavery" (from Prince Albert LM)	50	65	65	180	14
Detailed feasibility for Project D1 "Upgrade of the Dairy" (from Prince Albert LM)	85	85	80	250	1
Detailed feasibility for the expansion of the existing leather tannery in Prince Albert (instead of Project T1, T2 and T3)	50	70	65	185	11
Business Plan for Project T4 "Veldskoen and Slipper Factory" (to be located next to the existing tannery in Prince Albert)	75	70	80	225	5
Detailed feasibility for Project FV1 "Hydroponics Feasibility Study" in Beaufort West (look at fruit and vegetable options and not herbs)	55	70	65	190	10

Project	Economic Impact of Project	SMME Development & Skills Development	Social Impact of Project	Project Score	Priority
Detailed feasibility for Project A1 "Abattoir, Milk Processing Plant (goats), Fruit and Vegetable Processing unit and a Lucerne Plantation" (from Laingsburg LM)	50	50	65	165	16
Detailed feasibility for Project C2 "Cold Storage & Fruit Processing in <u>Vleiland</u> " (from Laingsburg LM)	60	70	75	205	6
Detailed feasibility for Project WM1 "Wool and Mohair Cleaning & Processing in Laingsburg" (from Laingsburg LM)	95	70	80	245	2
Business Plan for Project WM2 "Extension of <u>Weavery</u> " (from Prince Albert LM)	50	65	65	180	14
Detailed feasibility for Project D1 "Upgrade of the Dairy" (from Prince Albert LM)	85	85	80	250	1
Detailed feasibility for the expansion of the existing leather tannery in Prince Albert (instead of Project T1, T2 and T3)	50	70	65	185	11
Business Plan for Project T4 " <u>Veldskoen</u> and Slipper Factory" (to be located next to the existing tannery in Prince Albert)	75	70	80	225	5
Detailed feasibility for Project FV1 "Hydroponics Feasibility Study" in Beaufort West (look at fruit and vegetable options and not herbs)	55	70	65	190	10

Project	Economic Impact of Project	SMME Development & Skills Development	Social Impact of Project	Project Score	Priority
Detailed feasibility for Project FV4 "Seed Cleaning & Packaging Facility" (from Laingsburg LM)	70	85	80	235	4
Business Plan for Project FV5 "Prickly Pear Manufacturing in <u>Matijesfontein</u> " (from Laingsburg LM)	55	85	65	205	7
Business Plan for Project FV7 "Fruit Drying Facility with Communal Plantation" (from Prince Albert LM)	50	70	65	185	12
Detailed feasibility for Project O2 "Planting More Olive Trees" and Project O3 "Establishing Olive Processors". These projects should be seen as one (i.e. as more olive trees are planted the demand for processors will increase)	50	85	65	200	8
Detailed feasibility for Project AC2 "Planting Agave <u>Sisalana</u> "	75	85	80	240	3
Detailed feasibility for Project P1 " <u>Matijesfontein</u> Layer Farm" (from Laingsburg LM)	50	70	65	185	13
Detailed feasibility for Project TR3 "Transport logistical interchange in Beaufort West" and Project TR1 "Develop support services for trucking industry (restaurant, accommodation, laundry, etc)" (from Beaufort West LM) as one	50	85	65	200	9
Detailed feasibility study/business plan for Project TO10 "Integrated Management Strategy of Livestock Farming with Ecotourism for a section of <u>Koup</u> 4, Beaufort West"	50	65	65	180	15

CHAPTER 8: FINANCIAL/ BUDGET ALIGNMENT

8.1 IDP-Budget Linkage

Financial viability remains one Key Performance Area (KPA) and a major Strategic objective. The fact that the budget should speak to the Integrated Development Plan (IDP) is fundamental in the achievement of this specific strategic objectives. Proper planning and working within the financial Legislative Framework will ultimately contribute to the achievement of a Clean Audit.

8.2 Financial Related Policies

The financial policies seek to guide the municipality in dealing with its finances both at a political and administrative level. These policies have been adopted as reflected in the 2014/15 IDP document. They are currently under review.

8.3 National Grant Allocations

The schedule below you will find a summary of the grants allocated to the municipality from National Treasury and Provincial Treasury.

Strategic Objective	2014/15 Medium Term Revenue & Expenditure Framework			
R thousand	Cost Centre	Budget year 2013/14	Budget year 2014/15	Budget year 2015/16
Strategic Objective 2 & 8	Executive & Council	6 662 000	7 767 380	9 798 127
Strategic Objective 2 & 8	Budget and treasury	6 581 000	9 595 151	8 607 887
Strategic Objective 2 & 3	Corporate Services	7 468 000	11 262 500	19 088 145
Strategic Objective 6	Civil Defence	708 000	748 000	863 000
Strategic Objective 4	Health	2 546 000	2 371 024	2 875 052
Strategic Objective 7	Economic Dev / Planning	2 151 000	1 886 404	2 875 052
Strategic Objective 1	Roads	30 031 000	35 828 463	35 500 000
Strategic Objective 5	Tourism	742 000	645 900	821 453
Total Expenditure		56 889 000	71 601 852	79 504 014

Table Financial Alignment

CHAPTER 9: STAKEHOLDER INVESTMENT

As mentioned previously this is an initiative between Provincial government and local government in the province. The initiative is to ensure better alignment between the two spheres resulting to resources being allocated by province to where the need exist. There definitely is still much work to be done to realise this objective.

The following projects as budgeted for by the various sector departments in the province are as a direct consequence of this process of joint planning.

9.1 Allocations by sector Departments to Municipalities

DEPARTMENT OF AGRICULTURE : SUSTAINABLE RESOURCE MANAGEMENT : PRUPOSED LANDCARE PROJECTS FOR 2016/2017 IN THE CENTRAL KAROO									
Name of Project	Total Budget	Budget Labour	Budget Material	Funding	Project Description	Awareness	Material	Labour	Municipality
Central Karoo Riverworks	R 600 000	R 600 000		LandCare	Labour for the construction of River Protection structures. Contractor will be appointed by means of formal tender procedure. Contractor cost including labour - R600 000	No	No	Yes	Laingsburg
Central Karoo Junior LandCare	R 100 000			LandCare	20 Puppet Theatre at schools in the Central Karoo. Story will be in line with curriculum addressing problem areas in curriculum. Main theme will be conservation of nature. Cost of Puppet Theatre including writing of new story - R100 000. Service Provider will be appointed by means of formal tender procedures.	Yes	No	No	Laingsburg, Prins Albert, Beaufort West, Murraysburg
Central Karoo Awareness and LandCare Forums	R 100 000	R 100 000	R 0	DESP	Conservation Committees to visit farms and meetings about Sustainable Resource Management - 4 meetings per year. Budget for travel expenses - R50 000. District Committee event and LC tour R50 000	Yes	Yes	No	Beaufort West, Prins Albert, Laingsburg, Murraysburg
Central Karoo AlienClearing	R 300 000	R 150 000	R 150 000	DESP	Alien-clearing- Poplars,prosopis,satansbos,Cactus and boetebos in the Central Karoo. Labour from local unemployed people and herbicide will be covered by this project. Herbicide also provided to farmers for alien-clearing. Budget for Labour - R 150 000 and Budget for Herbicide - R150 000	No	Yes	Yes	Prins Albert, Laingsburg, Beaufort West, Murraysburg

Central Karoo Fencing	R 100 000		R 100 000	DESP	Material for Construction of Fences for Koups IV AWP and the Labour for repairing the border fences for the completion of blocks inside the AWP. Budget for material - R 100 000 Local labour will be used for repairing the borderlines. Funds will be sought from EPWP and other sources for labour	No	Yes	Yes	Laingsburg
EPWP Koups 4 Fencing	R 400 000	R 200 000	R 200 000	EPWP	Labour and material for the construction of 8km of border fence Koups AWP. Budget for Labour - R 200 000 and budget for material - R200 000. Local labour from Beaufort West will be used for construction of new fence.	No	Yes	Yes	Beaufort West

9.2 Allocations by Department Environmental Affairs to Municipalities

APPROVED PROJECT LIST FOR CENTRAL KAROO DISTRICT MUNICIPALITY DEPARTMENT OF ENVIRONMENTAL AFFAIRS

Strategic Plan	Project Name	Project Description	Budget	Status	Responsible Person
IDP	Construction of Murraysburg Landfill Site	<ul style="list-style-type: none"> • Construction of landfill cells • Leachate Control System • Construction of sorting bays and storage facilities • Construction of administration and ablution facilities • Installation of weighbridge • Construction of Guard House 	R17,000,000	Business Planning Phase	Barbara Brown
IDP	Laingsburg Integrated Waste Management	<ul style="list-style-type: none"> • Upgrade fence of landfill facility. 	R10,500,000	Business Plan approved	Barbara Brown

	Facility	<ul style="list-style-type: none"> • Upgrade recycling facility – toilet, water, burglar bars, etc. • Entrance control building. • Composting project/ machine and equipment. 			
IDP	Laingburg Prosperity Project	<ul style="list-style-type: none"> • Construction of an Environmental Education Centre • Development of environmental friendly putt putt course • Development of a hydroponics flower garden • Construction of vegetable selling carts 	R15,000,000	Implementation Phase	Barbara Brown
IDP	Greening of Towns and Townships in Prince Albert	<ul style="list-style-type: none"> • Construction of playground areas in Prince Albert, Leeu Gamka and Klaarstroom 	R10,500,000	Implementation Phase	Barbara Brown
IDP	Anysberg Nature	<ul style="list-style-type: none"> • Upgrade to hiking facilities, 	R17,500,000	Business Planning	Barbara Brown

	Reserve – Road Upgrade and Improvement of Tourism Facilities	bird hides and overnight 4x4 facilities <ul style="list-style-type: none"> Repairs to the Prins River crossing and various sections damaged by storms. 		Phase	
IDP	Youth Jobs in Waste Management	<ul style="list-style-type: none"> Construction of landfill site offices and ablution facilities Environmental Education Awareness campaigns Landfill Site Administration 		Implementation Phase	Barbara Brown

CHAPTER 10: PERFORMANCE MANAGEMENT

10.1 PERFORMANCE MANAGEMENT POLICY FRAMEWORK

The policy framework approved by Council prescribes the methodology that the municipality implemented to measure the overall performance of the municipality.

Outcome / Response Required	Municipal Action	Timeframe
Compliance with Performance Management Framework	Assign responsibility to senior official	2015/16
Implement performance management on all levels of staff	Implementation of performance management to all levels of staff and link to development plans	2015 - 2017

Table: Implementation of Performance Management Framework

Action Planning / Performance Plan

This chapter identifies the key actions for each of the seven Strategic Objectives as the municipality wants to ensure that each objective is implemented during the 2014 – 2019 IDP period

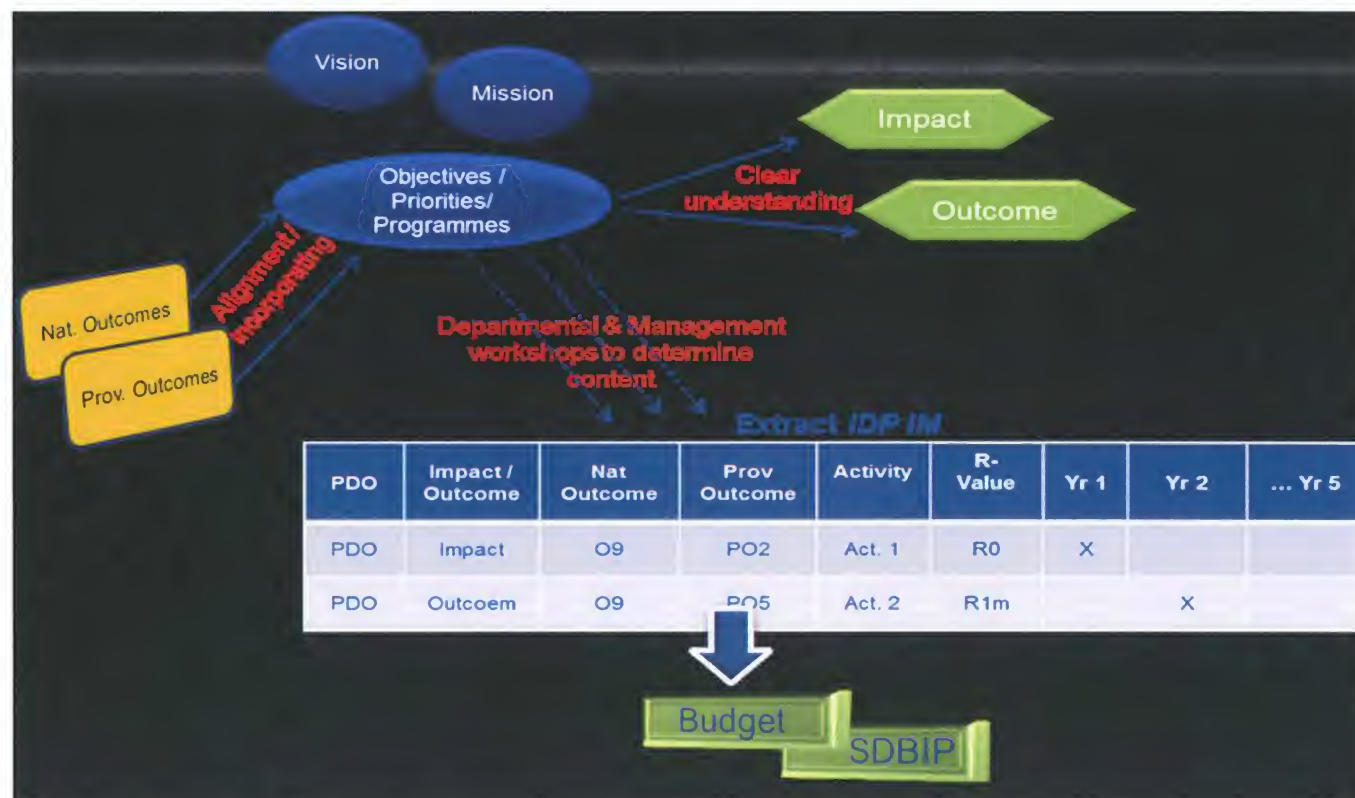

Figure 8.1: Translation of strategies into actions

Overview Of Performance

The performance statistics in the table below and all the graphs in the following sub paragraphs include performance in terms of the departmental SDBIP, which measures operational performance, as well as the performance in terms of the Top Layer SDBIP.

The graph for each directorate is an overview of the overall results of all the KPI's measured in terms of the municipal SDBIP performance management system.

Directorate	Financial Year	Total KPI's	KPI's extremely well met	KPI's well met	KPI's met	KPI's almost met	KPI's not met
Municipal Manager & Council	2012/13	67	3	1	45	4	14
	2013/14	32	1	1	29	0	1
	2014/15						
Corporate Services	2012/13	83	14	9	47	7	6
	2013/14	28	9	1	16	1	1
	2014/15						
Financial Services	2012/13	39	1	1	25	8	4
	2013/14	18	2	0	16	0	0
	2014/15						
Technical Services	2012/13	33	3	7	18	1	4
	2013/14	15	1	3	9	1	1
	2014/15						

Summary of total performance: 2014/15

Performance Management

This Chapter deals with the implementation and monitoring of the IDP projects and programmes aimed at achieving the vision and objectives of the municipality as set out in this document. The IDP and Budget are implemented through a Service Delivery and Budget Implementation Plan (SDBIP).

The Top Layer SDBIP is used as a scorecard to measure, monitor, evaluate and report on institutional performance (monthly, quarterly, bi-annual and annual basis). The Departmental SDBIP measures the performance of the departments and performance agreements and plans are used to measure the performance of employees.

The Performance Management System implemented at the municipality is intended to provide a comprehensive, step by step planning system that helps the municipality to manage the process of performance planning and measurement effectively.

The PM System serves as primary mechanism to monitor, review and improve the implementation of the municipality IDP and eventually the budget. The performance management policy framework was approved by Council which provided for performance implementation, monitoring and evaluation at organisational as well as individual levels.

The Performance Management Framework of the Municipality is reflected in the diagram below:

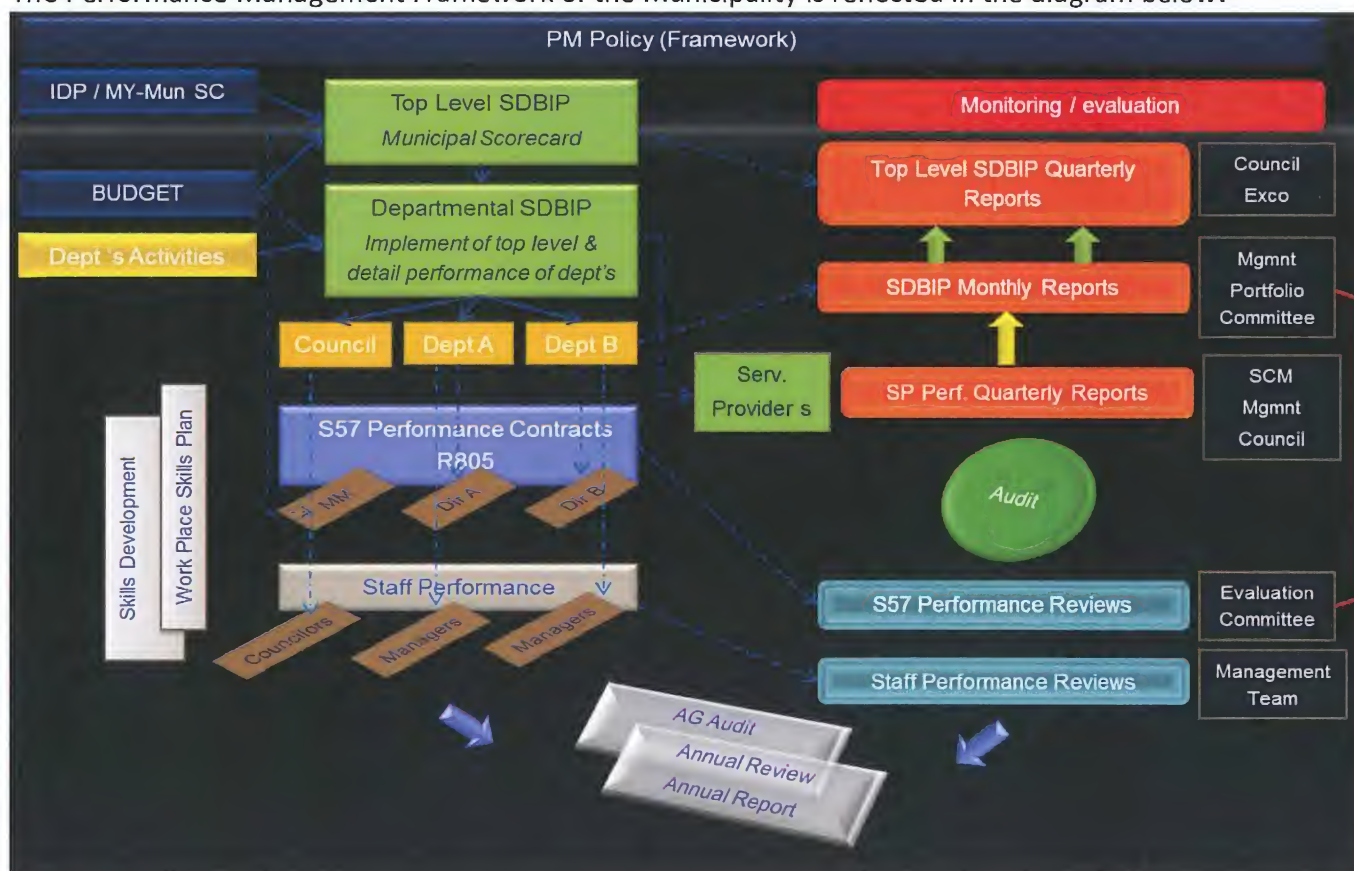

Figure 10.1: Performance Management system

10.2 ORGANISATIONAL LEVEL

The organisational performance of the municipality is evaluated by means of a municipal scorecard (Top Layer SDBIP) at organisational level and through the service delivery budget implementation plan (SDBIP) at directorate and departmental levels. The Top Layer SDBIP set out consolidated service delivery targets and provides an overall picture of performance for the municipality as a whole, reflecting performance on its strategic priorities.

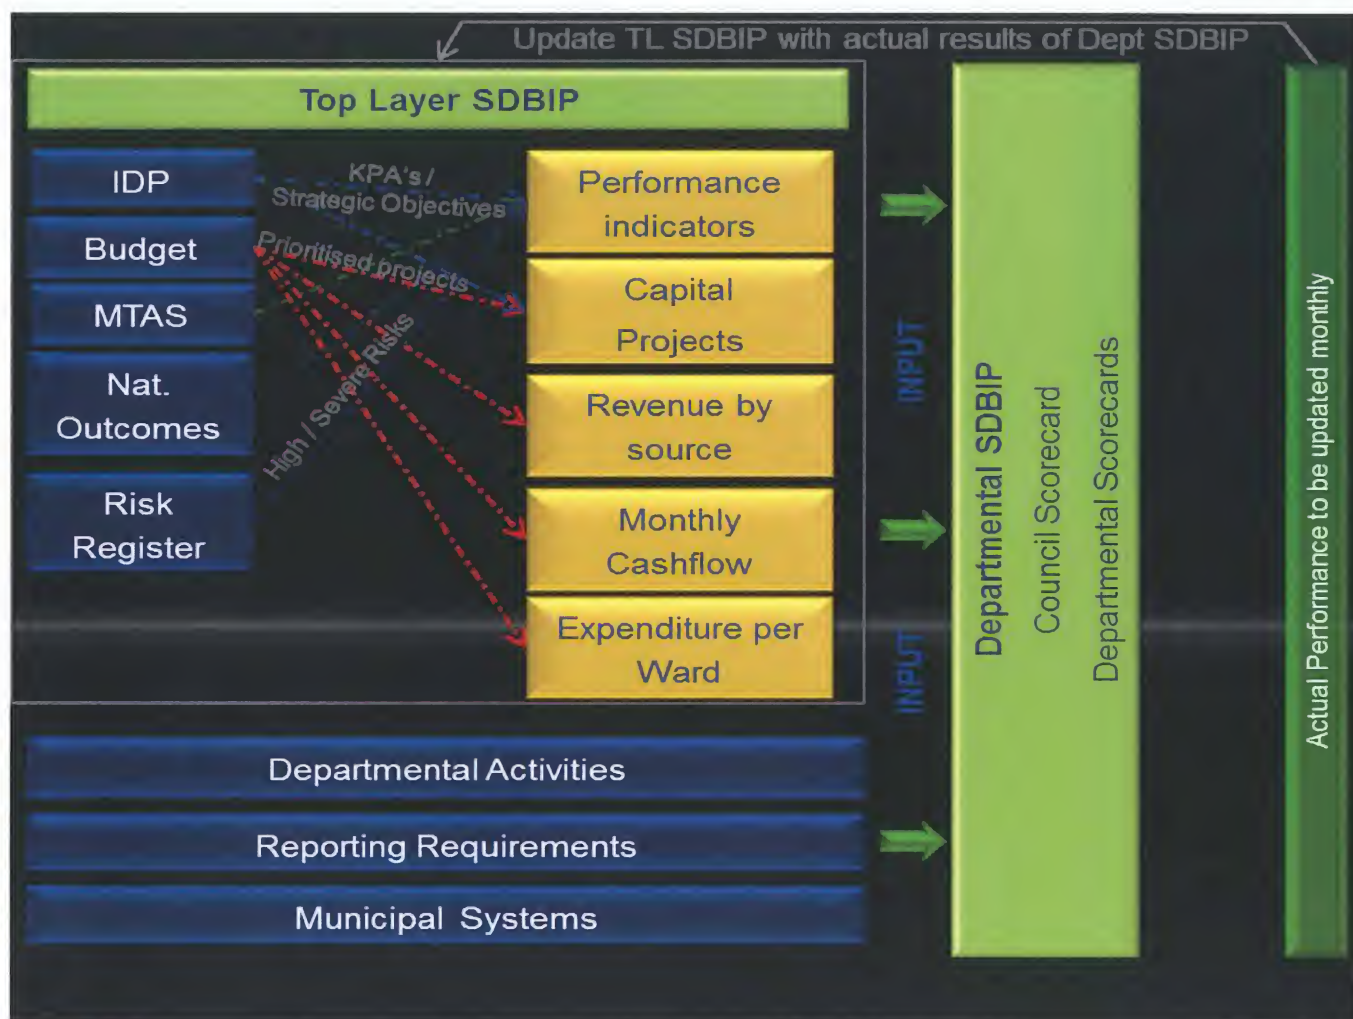

Figure 10.2: Organisational Performance

The departmental SDBIP capture the performance of each defined department which reflects on the strategic priorities of the municipality. The SDBIP provides detail of each outcome for which the senior management is responsible for, in other words a comprehensive picture of the performance of that directorate/sub-directorate.

10.3 INDIVIDUAL LEVEL

The municipality has implemented a performance management system for all its senior managers. This has led to a specific focus on service delivery and means that:

- Each manager has to develop a scorecard which is based on the balanced scorecard model.
- At the beginning of each financial year all the senior managers (Section 57 employees) sign Performance Agreements.

10.4 KEY PERFORMANCE INDICATORS (KPI's)

Section 38 (a) of the Systems Act requires Municipalities to set appropriate key performance indicators as a yardstick for measuring performance, including outcomes and impact, with regard to the community development priorities and objectives set out in its Integrated Development Plan. Section 9 (1) of the Regulations to this Act maintains in this regard, that a Municipality must set key performance indicators, including input indicators, output indicators and outcome indicators in respect of each of the development priorities and objectives.

Every year, as required by Section 12 (1) of the Regulations to the Systems Act, the Municipality also set performance targets for each of the key performance indicators. The IDP process and the performance management process are therefore seamlessly integrated.

10.5 PERFORMANCE REPORTING

Performance is reported on a regular basis and it includes the evaluation of performance, the identification of poor performance and corrective actions to improve performance.

10.5.1 QUARTERLY REPORTS

Reports on the performance in terms of the Top Level SDBIP are generated from the system and submitted to Council. This report is published on the municipal website on a quarterly basis.
